Dear Participant:

This booklet is both the Plan document and Summary Plan Description for the U.A. Local 350 Health, Welfare and Vacation Plan. The first part of the booklet contains general information regarding your medical and related benefits and an explanation of the eligibility provisions for both active and retired Participants. We urge you to familiarize yourself with the provisions and benefit structure of your Plan. Please direct any questions you have to the Plan Office at the above address.

The Medical Plan, Prescription Drug Plan, Vision Plan, and Dental Plan benefits are self funded (not insured by any contract of insurance or other arrangement). There is no liability on the part of the Board of Trustees or any individual or entity to provide payment over and beyond the amounts in the Trust Fund collected and available for such purpose.

This booklet also contains information about Life Insurance and Accidental Death and Dismemberment benefits provided under a contract between the Board and The Union Labor Life Insurance Company.

Only the full Board of Trustees is authorized to interpret the Plan. The Board has the discretionary authority to decide all questions about the Plan, including questions about your eligibility for benefits, the amount of any benefits payable to you, and the interpretation of the Plan. No individual Trustee, Employer, or Union representative has authority to interpret this Plan on behalf of the Board or to act as an agent of the Board unless the Board has delegated that authority. The Board also has discretion to make any factual determinations concerning your claim.

As a courtesy to you, the Plan Office may respond informally to oral questions; however, oral information and answers are not binding upon the Board of Trustees or the Plan and cannot be relied on in any dispute concerning your benefits.

Plan rules and benefits may change from time to time. Your benefits under the Plan are not vested. The Board of Trustees may reduce or eliminate or change any benefits provided under the Plan (or any insurance policy, HMO or other entity) at any time. Participants may also be required to make new or additional contributions for benefits provided by the Plan.

CAUTION – FUTURE PLAN AMENDMENTS

Future amendments to the Plan may be made from time to time to comply with new laws passed by Congress, rulings by federal agencies or courts, and other changes deemed necessary or prudent by the Board of Trustees. You will be notified in writing if there are important amendments to the Plan. Before you decide to retire, you may want to contact the Plan Office to determine if there have been Plan amendments or other developments that may affect your retirement Plans. This Plan provides only limited retiree medical benefits in any event.

LIMITATION UPON RELIANCE ON BOOKLET AND STATEMENT

This booklet provides a brief, general summary of the Plan rules and is also the Plan document. You should review the Plan to fully determine your rights.

You are not entitled to rely upon oral statements of Employees of the Plan Office, a Trustee, an Employer, any Union officer or any other person. As a courtesy to you, the Plan Office may respond orally to questions; however, oral information and answers are not binding upon the Plan and cannot be relied upon in any dispute concerning your benefits or otherwise.

If you wish an interpretation of the Plan, you should address your request in writing to the Board of Trustees at the Plan Office. To make their decision, the Trustees must be furnished with full and accurate information concerning your situation.

You should further understand that, from time to time, there may be an error in a payment or on other matters which may be corrected upon an audit or review. The Board of Trustees reserves the right to make corrections whenever any error and/or overpayment is discovered.

NO VESTED RIGHTS

Benefits under this Plan are NOT vested. Thus, there is no guaranteed right to receive Plan benefits. The Board of Trustees may amend or otherwise change the Plan at any time including reducing or discontinuing certain or all benefits. Moreover, the Board of Trustees may require new or greater co-payments or other Employee contributions at any time. The Board of Trustees may change the eligibility requirements and any other Plan rules at any time.
INTRODUCTION

This booklet contains the Summary Plan Description ("SPD") and the formal Health and Welfare Plan Document as of January 1, 2013. The first part of the booklet is the SPD portion of the Health and Welfare Plan. It starts with a short summary and schedules of the Plan's key provisions. The SPD is followed by the formal Eligibility Rules and Benefit Rules beginning on page 12. (Definitions are in Article V beginning on page 40.)

SUMMARY PLAN DESCRIPTION

I. IMPORTANT INFORMATION

A. MEDICALLY NECESSARY. The Plan only recognizes charges for services and supplies which are "Medically Necessary" or provided due to Medical Necessity if the service and supply is determined by the Plan to be:

1. Appropriate and necessary for the symptoms, diagnosis or treatment of an illness, injury or condition; and

2. Not experimental, educational or investigation; and

3. Not primarily for your convenience or the convenience of your physician or other provider; and

4. Within the standards of generally accepted medical practice and professionally recognized standards within the organized medical community in Nevada; and

5. The most appropriate supply or level of service which can safely be provided; and

6. When applied to hospitalization, the symptoms or condition cannot safely and adequately be treated on an outpatient basis; and

7. The fact that a physician or other medical provider may prescribe, order, recommend or approve a service does not of itself make such a service or supply Medically Necessary, even though it is not specifically listed as an exclusion.

B. CONTRACT FEE SCHEDULE. The Rules and Regulations utilize a Contract Fee Schedule or Non PPO Fee Schedule only. Thus, the Plan does not use "Usual Customary and Reasonable", "Reasonable and Customary" or "Billed Charges".

C. SPECIFIC EXCLUSIONS. The Plan lists several types of medical procedures, supplies and other charges which are not covered by the Plan. The specific exclusions are listed on pages 36-39 of this booklet. Exclusions for your Prescription Drug Coverage are listed on Pages 47-48, for vision care on page 49, and dental benefits on pages 53-55.

D. CHART OF EMPLOYEE AND DEPENDENT BENEFITS. The following chart outlines the benefits to which Active Employees and their eligible Dependents are entitled.

If Trust Fund benefits for you or your eligible Dependents will soon terminate, please refer to the **COBRA CONTINUATION COVERAGE** section beginning on page 19, which describes important information on how you may extend Medical, Prescription Drug, Vision, and Dental Benefits.

**E.  MEDICARE COORDINATION—YOU ARE REQUIRED TO ENROLL.** Medicare is our country’s federal health insurance program for people age 65 or older, with certain disabilities, and for people of any age who have End-Stage Renal Disease (permanent kidney failure requiring dialysis or a kidney transplant). If you are receiving Social Security Disability Income (SSDI) benefits, you generally become eligible for Medicare coverage 24 months after your SSDI benefits begin.

Under the Medicare program, the hospital insurance portion is called Medicare Part A. The medical insurance portion, such as for the cost of physicians, is called Medicare Part B.

Medicare Part A is financed by payroll taxes, and if you are eligible to receive it based on your own- or your spouse’s-employment, you do not pay a premium. Medicare Part B is partly financed by monthly premiums paid by individuals enrolled for Part B coverage.

The Plan coordinates benefits with Medicare as if you are covered under both Medicare Part A (hospital benefits) and Part B (medical benefits). This means that if you are retired you must enroll in both Medicare Part A and Part B, as soon as you are eligible for Medicare. If you do not enroll in Medicare (Part A and Part B), the Plan will not make up for the portion of expenses that Medicare would have paid and you will be required to pay an additional Retiree Health and Welfare Premium.

**IMPORTANT NOTICE: ENROLL IN MEDICARE**

To be eligible for Retiree Health and Welfare benefits under this Plan you and/or your eligible Dependent(s) are required to formally enroll in both Medicare Parts A and B and pay the required premium as soon as you and/or your eligible Dependent(s) are entitled to coverage.

It is important that you enroll in Medicare Part B when you first become eligible. If you do not, Medicare generally imposes penalties which will significantly increase your Part B premium once you do enroll. For enrollment and eligibility information, you should call Social Security at (800) 772-1213. You can also find Medicare information on the Internet at [www.medicare.gov](http://www.medicare.gov).

To avoid loss of protection, you (or your Dependents) must enroll for Parts A and B of the Federal program during the **three months** before the month in which you (or your Dependents) will become
eligible for Medicare. If you have not received your Medicare Card within 2 months of your Medicare eligibility, you should contact the Social Security Administration. Please remember that if you and/or your Dependent are under age 65 but eligible for Medicare, you and/or your Dependent must also enroll for Parts A and B.

F. **Fund Office Needs Your Current Address.** When the Fund Office is informed that your or a dependent’s coverage is going to terminate, it is required by law to send you information about your right to make self-payments. Therefore, you should always provide the Fund Office with the current mailing address for you and your eligible dependents so that this information as well as other important notices can be provided to you.

G. **Pronouns Used in this Booklet.** Wherever the term “you” or “your” is used in this booklet, it means an eligible employee or, where applicable, an eligible retiree. And, to avoid awkward wording, male personal pronouns are used to refer to employees and retirees. Feminine pronouns are used when referring to spouses. When a personal pronoun is used in the masculine gender, it shall be deemed to include the female also, unless the context clearly indicates the contrary. Similarly, feminine pronouns will include the masculine.

B. BENEFICIARY

Your beneficiary may be any person or persons you name. You may change your beneficiary at any time by making a written request upon a form available at the Plan Office. A change of beneficiary form must be received by the Plan Office before your death to be effective. If you do not name a beneficiary, benefits will be paid to your surviving spouse and if none, in equal shares to your natural or legally adopted children. If you have no children, benefits would be paid to your estate.

C. ACCIDENTAL DEATH AND DISMEMBERMENT BENEFIT

The Plan provides death benefits and accidental death and dismemberment benefits for Employees and Retirees through The Union Labor Life Insurance Company.

To file a claim for death benefits or Accidental Death or Dismemberment Insurance, call the Plan Office at (775) 826-7200.

An additional benefit will be paid for any of the following losses occurring on or off the job through purely accidental means, if the loss occurs while the insurance was in force, within 365 days after the injury, and due to an injury independent of all other causes.

For Participants under age 65, the full amount of the Accidental Death and Dismemberment benefit, which is $3,000, will be paid for the loss of:

- Life
- Quadriplegia
Both hands and both feet
One foot and sight of one eye

One hand and sight of one eye
One hand and one foot

One-half of the amount of your Accidental Death and Dismemberment benefit or $1,500 will be paid for the loss of one hand, one foot or the sight of one eye.

Loss of sight means total and irrecoverable loss of sight of that eye. Loss of hands or feet means severance of the entire hand or foot at or above the wrist or ankle joint.
The death benefit is payable to your beneficiary. The dismemberment or loss of sight benefit is payable to you in the manner described above.

EXCLUSIONS – DEATH AND ACCIDENTAL DEATH AND DISMEMBERSHIP BENEFITS

Payment for all losses due to any one accident may not exceed the full amount of your benefit. However, the benefits paid for one loss will not prevent further payment for losses resulting from subsequent accidents.

The Plan provides that no benefits are payable for any loss resulting from:

1. Disease, bodily or mental infirmity or medical or surgical treatment of these; or intentionally self-inflicted injuries, suicide or attempted suicide, while sane unless the injury resulted from an act of domestic violence or a medical condition such as depression.
2. War or any act of war whether or not declared, or service in the armed forces of any country engaged in war or police duty.
3. Participation in a riot or insurrection, or commission of an assault or a felony (no criminal charge or conviction is required).
4. Driving while intoxicated, as defined by the applicable state law where the loss occurred.
5. Disease.
6. Injury sustained in the course of any medical, dental or surgical diagnosis or treatment.

IV. IMPORTANT INFORMATION REGARDING YOUR PLAN BENEFITS

A. ENROLLMENT PROCEDURE

It is important that the Plan Office has a completed enrollment card for you in its files. It is necessary that you complete an enrollment card before any claim can be processed. If you have not completed an enrollment card or if an additional card is needed, you may obtain one from your Local Union Office or from the Plan Office.

The Enrollment card is the means by which an Employee designated Dependents, as well as the beneficiary for Life Insurance and Accidental Death Dismemberment benefits.

New Participants must also submit: 1) a marriage certificate to enroll their spouse, and 2) a birth certificate for each Dependent. Additional documentation may be required to enroll stepchildren or foster children; contact the Plan Office for additional information.

It is important that you notify the Plan Office in the event that:

1. You change your home address.
2. You wish to change your beneficiary.
3. There is any change in your family status, *i.e.*, marriage, birth of a child, adoption, death, divorce or legal separation, etc.

**IMPORTANT:** You can be held liable for benefit payments issued based on any incorrect information about your family members, such as failing to notify the Plan Office of a divorce, if your child reaches age 26, or if an adoption is rescinded. In addition, you may be liable for other costs incurred by the Plan as a result of the incorrect information. These costs include, but are not limited to, attorney’s fees, Plan Office costs, other administrative costs, and reasonable interest.

**B. HOW TO FILE YOUR CLAIMS**

1. **Obtain a Claim Form.** Obtain a claim form from the Plan Office at 445 Apple Street, Reno, Nevada 89502 (775-826-7200).

2. **Sign and Complete Form.** Complete and sign Part I of the Claim Form (the Employee’s signature is required for Part I). Your Physician or Allied Health Professional may complete Part II, or you may attach an itemized bill to the Claim Form. The Plan requires that a minimum of one completed Claim Form be submitted each year for each Participant. You must use a separate Claim Form for each Participant.

```
ALERT—ONE YEAR TO FILE CLAIMS

Notice of a Medical, Dental or Vision claim must be filed with the Plan Office within 1 year from the date on which covered expenses were incurred, unless it is not reasonably possible to give notice within this time. The Trustees have absolute discretion to make this determination. In no event or benefits paid if notice of claim is made beyond 1 year from the date on which covered expenses were incurred.
```

**REMEMBER:** Completed Claim Forms with all required signatures will insure your claim being processed at the earliest possible date. If, after you have filed a completed Claim Form, you receive other itemized bills for the same Illness or Injury, mail them to the Plan Office. You do not need a new Claim Form as long as these itemized bills are for your existing claim.

3. Be sure you bills are itemized. The following information must be indicated on the bills or Claim Form submitted:

- Employee’s name
- Employee’s social security number
- Patient’s name and address
- Patient’s birth date and relationship to Employee
- If treatment is related to Injury, date and place of injury, including details (i.e., automobile accident, fall, etc.)
- Name of physician who ordered service and reason for service (diagnosis)
- Date each service was performed, and cost for each service
- Complete description of each service

Amounts payable for Life Insurance and/or Accidental Death and dismemberment Benefits will be paid to the designated beneficiary. All other Benefits will be paid by the Fund to the Employee, unless payment has been assigned to the provider. After your claim has been
processed, you will receive an Explanation of Benefits Form which gives you information about the status of your claim and any deductible remaining for the current year.

The Explanation of Benefits Form will also inform you if the Plan Office needs additional information to complete the processing of your claim. The Fund has the right to obtain information necessary to evaluate claims, and may release such information as may be necessary to its consultants, attorneys, or other persons or organizations.

Advise the Plan Office if you have other insurance. If the other coverage terminates, provide the Plan Office with the date of termination. If you don’t notify the Plan Office of other insurance, it will be unable to coordinate the benefits and this could result in an overpayment on your claim which must be repaid to the fund.

Benefits are payable according to the discounted fees and Scheduled Allowance; however, benefits are not payable under this Plan for expenses incurred which are not Medically Necessary, or which are in excess of the Schedule of Allowance as determined by the Board of Trustees.

The Fund, at its own expense, has the right to have a Physician of its choice examine a Participant or beneficiary when and so often as the Fund may require during the pendency of any claim and, in the case of death, may make an autopsy where it is not forbidden by law.

Under no circumstances is the Fund liable for the negligence, wrongful acts or omissions of any doctor, dentist, laboratory or other person or organization performing services or supplying materials in connection with benefits under this Plan.

C. METHOD/FACILITY OF PAYMENT

Except as specifically provided below, each Participant or beneficiary is restrained from selling, transferring, anticipating or otherwise disposing of any Benefit payable or any other right or interest under the Plan. The Fund is not required to recognize any such sale, transfer anticipation, assignment, alienation, hypothecation or other disposition. Any Benefit, right or interest is not subject in any manner to voluntary transfer by operation of law or otherwise, and is exempt from the claims of creditors or other claimants and from all order, decrees, garnishments, executions or other legal process or proceedings to the fullest extent permitted by federal law.

Any Participant or beneficiary may direct that Benefits be paid to a provider of covered health services or supplies in consideration for services rendered or supplies furnished, or to any other agency that may have provided or paid for any Benefits provided under the Plan.

If the Plan determines that the Participant or beneficiary is incompetent or incapable of executing a valid receipt and no guardian has been appointed, or in the event the Participant has not provided the Plan with an address at which he can be located for payment, the Fund may, during the lifetime, pay any Benefit otherwise payable to the Participant to the husband or wife or relative by blood of the Participant, or to any other person or institution determined by the Fund to be equitably entitled. In the case of the death of a Participant before all Benefits payable under the Plan have been paid, the Fund may pay any such Benefit to any person or institution determined by the Fund to be equitably entitled. The remainder of such Benefit shall be paid to one or more of the following surviving relatives of the Participant in the following order: lawful spouse, child or children, mother, father, brothers or sisters, or to the Individual’s estate, as the
Board of Trustees in its sole discretion may designate. Any payment in accordance with this provision shall discharge the obligation of the Fund.

D. DISCLOSURE STATEMENT-GRANDFATHERED PLAN

The Board of Trustees believes that the health plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act), also known as the new federal health care law signed by President Obama. As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your Plan does not have to include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. Grandfathered health plans must comply, however, with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the Fund Manager at (775) 826-7200. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

This ends the Summary portion of the Plan booklet. The formal Plan document begins on page 12.
PLAN DOCUMENT

U.A. LOCAL 350 HEALTH & WELFARE PLAN

ARTICLE I: ESTABLISHMENT AND OPERATION OF THE PLAN

A. ESTABLISHMENT OF PLAN

The Plan is intended to be maintained for the exclusive benefit of Participants and their beneficiaries. It is also intended that this Plan Document shall conform to the requirements of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. May offer Benefits Through Insurance Company. The Board of Trustees may self-fund certain or all Plan benefits or it may from time to time offer to eligible Employees and dependents the option to elect enrollment through an insurance contract.

B. PLAN MAY BE CHANGED

The Board of Trustees of the Plan expressly reserves the right to amend, modify, revoke or terminate the Plan, in whole or in part, at any time. Benefits provided under this Plan are not vested. The Board of Trustees expressly reserves the right, in its sole discretion, to:

1. terminate or amend either the amount or condition with respect to any benefit even though such termination or amendment affects claims which have already accrued; and
2. alter or postpone the method of payment of any benefit; and
3. amend, terminate or rescind any provision of the Plan; and
4. merge the Plan with other Plans, including the transfer of assets; and
5. terminate insurance company; and
6. restrict coverage to those living only in certain geographic areas.

The authority to make any such changes to the Plan rests solely with the Board of Trustees. Any such amendment, modification, revocation or termination of the benefit or rule shall be made by a motion adopted by the Board of Trustees. No individual Trustee, Union representative, or Employer representative is authorized to interpret this Plan on behalf of the Board of Trustees, or to act as an agent of the Board of Trustees.

C. ADMINISTRATION AND OPERATION

1. Board of Trustees Responsibilities: The Plan is administered by a Board of Trustees comprised of up to eight Trustees. One-half of the Trustees, called "Employer Trustees," are selected by the Employer Association signatory to a Collective Bargaining Agreement with U.A. Local 350, and one-half of the Trustees, called "Union Trustees," are selected by U.A. Local 350. The current Trustees are listed on page ii of this booklet.
The Board of Trustees has many powers and functions including investing the Plan's assets, interpreting Plan provisions, amending the Plan, deciding policy questions, and contracting with advisors and consultants, such as an auditor, legal counsel and benefit consultant.

Only the Board of Trustees, and its authorized representatives, is authorized to interpret the Plan schedule of benefits described in this booklet. No one else can interpret this Plan or act as an agent for the Board of Trustees -- this includes Employers, Employer Associations, the Union and their representatives. The Board of Trustees (and persons or entities appointed or so designated by the Board) has the full discretionary authority to determine eligibility for benefits and to construe the terms of the Plan (and other documents pertaining to the Plan and Trust) and any rules adopted by the Trustees. Plan definitions are in Article V beginning on page 40.

The Board of Trustees of the Plan is the named fiduciary with the authority to control and manage the operation and administration of the Plan. The Board shall make such rules, interpretations and computations and take such other actions to administer the Plan as the Board, in its sole discretion, may deem appropriate. The rules, interpretations, computations and actions of the Board shall be binding and conclusive on all persons.

2. **Standards of Interpretation**: The Board of Trustees, and/or persons designated by the Board, such as the Chair and Co-Chair of the Board, shall have the full discretionary authority to determine eligibility for benefits and to construe the terms of this Plan and any regulations and rules adopted by the Board. Only the Fund Manager and/or the Board of Trustees acting upon appeals properly before the Trustees shall have the authority to bind the Trustees to an interpretation of the provisions of this Plan.

3. **Delegation of Duties and Responsibilities**: The Board of Trustees may engage such Employees, accountants, actuaries, consultants, investment managers, attorneys and other professionals or other persons to render advice and/or to perform services with regard to any of its responsibilities under the Plan, as it shall determine to be necessary or appropriate.

4. **Employer Contributions**: Employer contributions are made to the Plan pursuant to the terms of Collective Bargaining Agreements with U.A. Local 350. Contribution rates for each hour of your Covered Employment are set, from time to time, by the parties to the Collective Bargaining Agreements. Your Employer is required to contribute only for such hours of work that are required by the Collective Bargaining Agreement. The Employer's hourly contribution rate is subject to change at any time if agreed to by the bargaining parties. The bargaining parties also may allocate additional or different contribution amounts to help fund the Plan.

Your Employer is required to make monthly contributions for your Covered Employment and mail (postmark) such payments by the 15th day of the month following the month in which your work was performed. By way of example, January hours generate employer contributions in February which are posted on the Plan's books in March. Each monthly payment made by your Employer is accompanied by a transmittal form that contains the names, Social Security numbers, and hours of work performed by each Covered Employee together with a payment to the Plan. The Employer Contributions to the Plan are not subject to withholding for FICA, FUTA, or state or federal taxes.

The Plan Office checks the Employer's report for mathematical accuracy and notifies the Employer if there is any error in the Employer's computations which requires correction.

SPD
The amount of Employer Contributions made to the Plan for non-bargaining unit employees (such as employees of the Union, the Apprenticeship Program and others not working under a bargaining agreement) may be governed by individual Subscription Agreements entered into with the Plan and any rules adopted by the Board of Trustees.

5. **Loss of Eligibility if no Contributions:** You could lose eligibility with the Plan if the Employer contributions are not timely received by the Plan Office, depending upon your hour bank and how soon the Employer makes the late contributions. If the Employer contributions are eventually received, retroactive eligibility may be granted for a Participant. It is the Participant's responsibility to determine whether he or she has sufficient hours and Employer contributions for eligibility.

6. **Availability of Fund Resources:** It is recognized that the benefits provided through this Plan can be paid only to the extent that the Plan has available adequate resources for such payments. No Contributing Employer has any liability, directly or indirectly, to provide the benefits established hereunder, beyond the obligation of a Contributing Employer to make contributions as provided in the Collective Bargaining Agreement. In the event that at any time the Fund does not have sufficient assets to permit continued payments hereunder, nothing contained in this Plan shall be construed as obligating any Contributing Employer to make benefit payments or contributions (other than the contributions for which the Contributing Employer may be obligated by the Collective Bargaining Agreement) in order to provide for the benefits established hereunder.

There shall be no liability upon the Board of Trustees, individually or collectively, or upon any Employer, the Union, Signatory Associations or other person or entity to provide benefits established hereunder if the Plan does not have sufficient assets to make such benefit payments.

7. **Funding Methods and Benefits:** The Board of Trustees may provide benefits by self funding, insurance, an HMO or by any other lawful means or methods. The coverage to be provided shall be determined in the sole discretion of the Board of Trustees and limited to such benefits as can be purchased with the funds available.

8. **Special Exclusion for Fraud:** No benefits will be paid for fraudulent claims of service or supplies by a Participant, eligible dependent, or any other person. If a fraudulent claim has been paid on behalf of any person, both the Employee and any person on whose behalf a fraudulent claim was submitted as a dependent of the Employee will be liable to the Plan for repayment of any benefits paid on behalf of the Employee or any eligible dependent of the Employee against the amount which was fraudulently paid on behalf of the Employee or the other person.

If an Employee or an eligible dependent of the Employee has any outstanding liability for fraudulently paid claims, neither the Employee nor the Employee's eligible dependents may assign any rights to benefits to a provider of services or supplies until all fraudulently paid benefits are repaid in full. If fraudulently paid benefits are not repaid in full, any purported assignment of benefits by an Employee or eligible dependent may be disregarded by the Plan. All payments of benefits by the Plan under a purported assignment is not a waiver of the right of the Plan to refuse to acknowledge other purported assignments. If any fraudulent claims have not been repaid when an Employee or eligible dependent incurs covered charges, the Employee or eligible dependent shall pay all charges directly and file a claim for credit in lieu of benefits, until the entire amount of the fraudulent claims have been credited.
9. **Plan Year.** The Plan Year commences September 1 of each year and ends on August 31 of the following year.

D. **YOUR RESPONSIBILITIES**

1. **Your Mailing Address.** Be sure to keep the Plan Office advised of changes in your address so that you can continue to receive Plan information because you may be entitled to benefits in the future.

2. **Enrollment Form.** You should keep your enrollment form current date (add new spouse and dependent children with required proof). You are required to notify the Plan Office if a dependent no longer meets the Plan’s requirements (i.e., divorce, death and over-age dependents).

WARNING – FRAUD AGAINST PLAN

It is fraud if you are caught enrolling dependents that do not meet the Plan’s criteria or failing to notify the Plan Office once a dependent no longer meets the Plan’s criteria. It is your responsibility to timely notify the Plan Office of any such change. You will be required to repay the Plan for any overpayments or improper payments, including any attorney’s fees and costs incurred by the Plan to recover such improper payment.

3. **Beneficiary Form.** You should keep your beneficiary form up to date so that family members or others you want to receive your benefits receive them without delay. If you are married, benefits are automatically paid to your legal spouse unless he or she consents in writing before a notary. You should submit a new form if there is a change in life circumstance (marriage or divorce).

4. **Privacy Protected Health Information.** There are Privacy Rules and forms to protect you based on recent legislation. If you wish to authorize someone other than yourself to access Plan information, you must complete the Authorization Form and return it to the Plan Office.

**ARTICLE II: ELIGIBILITY RULES FOR ACTIVE EMPLOYEES**

**SECTION 2.01 - ELIGIBILITY (Active Employees)** – An Employee is eligible to participate in this Plan if he is an Employee of a Contributing Employer and works under a Collective Bargaining Agreement with U.A. Local 350.

A Participant may enroll in this Plan both as an Employee and as a Dependent. Benefits will be provided to the Participant as an Employee and as a Dependent consecutively, up to maximum amounts provided by the Plan, but in no event in excess of the actual Covered Expenses incurred.

1. **General Provisions for Collectively Bargained Employees**

An hourly rate collectively bargained Employee is eligible for Benefits on the first day of the month following a period of not more than six consecutive calendar months during which he worked at
least 480 hours in Covered Employment for one or more Contributing Employers. (Covered Employment is work under a collective bargaining agreement with U.A. Local 350.)

2. **Continuation of Eligibility for Collectively Bargained Employees – Hours/Hour Bank**

After the Participant has satisfied the initial eligibility rules above, his hours in excess of 120 in a month will be credited to his hour bank. 120 hours are deducted from the Active Employee’s Hour Bank Account for each month of eligibility. The maximum hours in an Hour Bank Account may not exceed 960 hours (8 months) after the deduction of 120 hours for the current month’s eligibility. The purpose of the Hour Bank Account is to provide continued coverage for Participants who, due to circumstances beyond their control, would not otherwise be able to maintain such coverage through hours currently reported to the Plan by Contributing Employers. If you fail to have 120 credited hours in an eligibility month, the number of credited hours necessary to make up the difference will be deducted from your hour bank. **Your hour bank is not a vested benefit. The hours in your hour bank may, at any time, be limited, changed or extinguished through Trustee action. Your hour bank also has no monetary value.**

3. **General Provisions for Non-Collectively Bargained Employees**

A person who is a non-collectively bargained monthly Employee, such as an employee of U.A. Local 350, is eligible for Benefits on the first day of the month following the month in which the Contributing Employer’s written election to enroll non-collectively bargained Employees is received by the Plan Office, subject to the following:

a. An individual Employer is required to execute a Subscription Agreement with the Plan in the manner and on a form approved by the Board of Trustees. Monthly contributions are an amount determined by the Board of Trustees as changed periodically.

b. New non-collectively bargained Employees of a Contributing Employer who have elected to enroll such Employees in the Plan will be eligible for coverage on the first day of the month following employment; and

c. Monthly Contributions from non-collectively bargained monthly Employees do **not** provide an Hour Bank Reserve Account accumulation.

4. **Freeze of Balance in Hour Bank Account**

If employment is interrupted due to an approved furlough or leave of absence due to uniformed services of the United States, the Employee is entitled to have any balance accumulated in his hour bank account frozen during a term of military service that terminated under honorable conditions, provided the Employee was an eligible Participant in the Plan immediately prior to the uniformed leave of absence, and the Employee’s absence was due to a Uniformed Service leave approved by the Board of Trustees.
5. **Cancellation of Hour Bank Account**

An hourly rate Employee will have his Hour Bank **immediately reduced to zero** when either of the following circumstances occurs:

a. The Active Employee permits a Contributing Employer to contribute to the Fund on the basis of fewer hours than he actually worked for the Contributing Employer.

b. The Active Employee performs work of the type covered by the collective Bargaining Agreement for an employer who is not a Contributing Employer.

6. **Termination of Active Employee Eligibility**

Eligibility of an Active Employee will terminate on the earliest of any of the following dates:

a. For an hourly rate Employee, on the last day of the month in which the Employee does not qualify under the eligibility rules above; or

b. For an hourly rate Employee, the first day of the calendar month for which the Reserve Account totals less than 120 hours; or

c. For a monthly rate Employee, the first day of the calendar month for which the required monthly Contribution is not made on behalf of the Employee; or

d. The date ending the premium period for which the last premium payment is made on the Employee’s behalf; or

e. The date the Employee enters full-time service in the uniformed military service of any country, except as provided under Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA); or

f. The date the Plan terminates.

7. **Reinstatement of Active Employee Eligibility**

If an Active Employee’s eligibility terminates:

a. An hourly rate Employee will have eligibility reinstated on the first day of the calendar month next following the date the number of hours in his Reserve Account reaches a total of at least 120, provided the 120 hours were accumulated within 6 months immediately following the date his eligibility terminated. If eligibility is not reinstated within the 6-month period, any reserve hours in the Reserve Account will be forfeited and the Employee must reestablish initial eligibility.

b. If an Employee was eligible for Benefits as of the date of entry into the Uniformed Services of the United States, and upon completion of the period of service he notifies his Employer of his intent to return to employment as specified in the Uniformed Services Employment and Reemployment Rights Act of 1994, he shall reinstate eligibility. Eligibility shall be reinstated without exclusion or waiting period, except for disabilities that the Veterans Administration has determined to be service connected.
8. Direct Self-Pay Provisions for Active Employees

a. Continued Coverage while in Uniformed Service of the United States.

The term “Uniformed Services of the United States” means the Armed Services (including the Coast Guard), the Army National Guard and the Air National Guard when engage in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or emergency.

If an Active Employee (and his eligible Dependents) was eligible for Benefits as of the date of entry into service in the Uniformed Services of the United States, and the Active Employee’s absence was due to a uniformed services leave, an Active Employee or eligible Dependent may elect to continue coverage under the provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA).

A premium for continuation coverage under USERRA will be in an amount established by the Plan. Such premium shall be payable in monthly installments. The maximum length of USERRA continuation coverage is the lesser of:

- 18 months beginning on the day that the uniformed service leave commences; or
- a period ending on the day after the Employee fails to return to employment within the time allowed by the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA).

b. Continued Coverage as the Right of a Labor Dispute

If coverage terminates because an Active Employee ceases active work as the result of a labor dispute, coverage may be continued up to a maximum of six months after an Active Employee’s Hour Bank Account is exhausted, subject to the following conditions:

- Monthly self-payments, in an amount determined by the Trustees and as amended from time to time, must be received by the Fund Office by the first day of the month for which coverage is desired.
- Self-payments must be continuous.

9. Certificate of Creditable Coverage

If your coverage under this Plan ends and you become eligible for coverage under a new health plan, the length of time you were covered under this Plan may be used to reduce the length of any preexisting condition exclusion period in your new plan.

When your coverage ends, you will receive a certificate of creditable coverage. You also have the right to request a certificate of creditable coverage. To request a certificate of creditable coverage, please contact the Plan Office at 775-826-7200. This certificate provides information your new plan may need. You should check with your new Plan’s administrator to verify whether your new Plan has a limitation for preexisting conditions and how creditable coverage is applied under that Plan. You should present your certificate to your new Plan so that your new Plan will know to apply your creditable coverage to the preexisting condition exclusion period under your new Plan.
SECTION 2.02- CONTINUATION OF COVERAGE - COBRA COVERAGE – A federal law, known as the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), requires group health plans offer covered Employees and their Dependents the opportunity to elect to pay for a temporary extension of health coverage (called “COBRA Continuation Coverage”) in certain instances (called “qualifying events”) where coverage under the Plan would otherwise end. To receive this continuation coverage, the Employee, spouse and/or Dependent(s) must make timely monthly payments directly to the Plan.

When a Participant no longer has sufficient hours in his Reserve Hour Bank, his COBRA coverage will run concurrently with any continuation of coverage described beginning on page 18. In other words, the COBRA eligibility time period is reduced by the number of months of free or subsidized coverage.

Coverage under the Plan may be extended by making self-payments for specified periods. To maintain continued coverage, an Employee whose coverage has terminated because of a qualifying event (see Section B below) may elect to continue coverage as set forth below.

A. CONTINUED COVERAGE - "Continued coverage" shall mean only a Covered Person's coverage that the Covered Person keeps in force by the terms of this provision. The Covered Person's continued coverage options shall include health benefits only, medical coverage only, or medical plus any dental, vision or prescription drug coverage.

B. QUALIFYING EVENTS - Continued coverage is required if one of the following qualifying events results in the Covered Person's coverage ending:

1. the Employee's death;
2. the termination of employment (including retirement) for a reason other than gross misconduct;
3. reduction of work hours;
4. divorce or legal separation from spouse;
5. becoming entitled to benefits under Medicare; or
6. a Dependent child ceasing to be eligible as a Dependent under this Plan.

C. NOTIFICATION REQUIREMENTS - A Covered Person who wants continued coverage because of a qualifying event shall notify the Plan Office of a change in family status within 60 days after it occurs. A change in family status means: (a) divorce or legal separation from his or her spouse; or (b) a child's ceasing to be eligible as a Dependent under this Plan.

| Failure to give timely notification will end your eligibility for continued coverage due to the change in family status. |

Within 44 days after the Covered Person notifies the Plan Office of a qualifying event, the Plan Office shall notify a Covered Person who is eligible for continued coverage of the following:

1. the Covered Person’s right of continued coverage;
2. the amount that shall be paid each month to continue the coverage; and
3. how, when and to whom the monthly payments shall be made.

Notice that is given to a Covered Person’s spouse (or former spouse) is deemed to be given to each child who lives with the spouse and whose coverage would end due to the same qualifying event.
D. **REQUEST FOR CONTINUED COVERAGE** - When a Covered Person has been given notice of the right to continued coverage, the Covered Person must request continued coverage in writing within 60 days after:

1. the date of the notice of the right to continued coverage; or
2. the date coverage under this Plan otherwise would end, whichever is later.

A request for continued coverage will be deemed to include Covered Dependents unless requested that it not include them. A request by a spouse may include Covered Dependents who live with the spouse. If you do not elect COBRA Continuation Coverage, each of your dependents may independently elect such coverage on his or her behalf and pay the required premiums.

E. **PAYMENTS FOR CONTINUED COVERAGE** - The Covered Person's first payment shall be for the period of continued coverage beginning on the first day following the date of the qualifying event and ending on the last day of the month following the date on which the written request for the continued coverage is made. **G. EXCEPTIONS TO TERMINATION OF CONTINUED COVERAGE.** - Section F above shall not be applicable in the following situations:

1. **If the Covered Person is Disabled.** For an additional premium equal to 150% of the cost of coverage, the maximum period of continued coverage shall be extended beyond 18 months for an additional 11 months if (a) the Covered Person is determined by the Social Security Administration to have been disabled within 60 days of the date of the qualifying event or the loss of coverage, (b) the Covered Person furnishes notice of Social Security's determination of disability to the Plan Office before the end of the initial 18 month period of continued coverage, and (c) the Covered Person remains disabled until the end of the combined 29 month period of continued coverage. The
continued coverage shall stop, however, at the end of the month following any one of the additional 11 months during which the Social Security Administration makes a final determination that the Covered Person is no longer disabled.

2. **If another qualifying event occurs.** If a subsequent qualifying event occurs with a maximum period of 36 months of continued coverage while a Covered Person and his or her Covered Dependents are receiving 18 months of continued coverage due to an initial qualifying event, the maximum period of continued coverage for Dependents only shall become 36 months from the date of the initial qualifying event.

3. **If Medicare is not a qualifying event.** If a Covered Person becomes entitled to benefits under Medicare, but that is not a qualifying event because coverage does not end for that reason, and subsequently, a qualifying event occurs entitling the Covered Person and his or her Covered Dependents to 18 months of continued coverage, the maximum period of continued coverage for Dependents only shall be 36 months from the date the Employee became entitled to Medicare.

4. **A pre-existing condition may not be covered.** A Covered Person's continued coverage under this Plan shall not end solely because the Covered Person becomes covered under another group health plan, if the other plan includes a pre-existing condition provision that shall cause an actual limitation or exclusion of the other plan's benefits for that Covered Person.

**ALERT**

**Medicaid and the Children's Health Insurance Program (CHIP)**

**Offer Free or Low-Cost Health Coverage to Children And Families**

If you are eligible for health coverage from your employer, but are unable to afford the premiums, some States have premium assistance programs that can help pay for coverage. These States use funds from their Medicaid or CHIP programs to help people who are eligible for employer-sponsored health coverage, but need assistance in paying their health premiums.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in certain States you can contact your State Medicaid or CHIP office to find out if premium assistance is available. If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP or dial 1-877-KIDS NOW or [www.insurekidsnow.gov](http://www.insurekidsnow.gov) to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan. Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, your Plan is required to permit you and your dependents to enroll in the Plan as long as you and your dependents are eligible, but not already enrolled in the Plan. This is called a “special enrollment” opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance.

---

**If you live in Nevada, you may be eligible for assistance paying your employer health plan premiums. You may contact your State for further information on eligibility as follows:**

H. **RETIREE SPOUSE SELF-PAYMENT EXTENSION PROVISION** – If COBRA Continuation Coverage for the spouse of a Retired Employee terminates due to expiration of the maximum 36-month duration from the date of the Employee’s Medicare entitlement, coverage may be continued under this self-payment provision for a maximum duration of twenty four months.

1. This self-payment extension provision is not applicable if COBRA Continuation Coverage terminated for failure to pay premiums on a timely basis.

2. Monthly self-payments, in an amount determined by the Board of Trustees and as amended from time to time, must be received by the Fund Office by the first day of the month for which coverage is desired.

3. Monthly self-payments must be made continuously for coverage to remain in force.

**SECTION 2.03 – ELIGIBILITY (Retired Employees)** – To be eligible for continued coverage or retirement, a Retired Employee must:

1. The retired Employee is receiving or entitled to received pension benefits from either the Plumbers and Pipefitters National Pension Trust Fund or the U.A. Local 350 Retirement Plan;

2. The retired Employee has attained age 60;

3. The retired Employee was eligible for this Plan’s Benefits for at least 24 months during the 60 months before the Employee turned age 60 or the date of retirement;

4. The Retired Employee was eligible for benefits from this Plan for at least 120 months out of the last 180 months;

5. The retired Employee was working in covered employment (or was on the Out of Work List seeking Covered Employment) during the 3 month period before turning age 60. The retired Employee must not be on U. A. Local 350’s Out of Work List at age 60 or thereafter; and

6. The retired Employee has maintained and continues to maintain current membership with U.A. Local 350.

7. The retired employee is not working non-covered employment in the Plumbers and Pipefitters Industry.

If all these requirements are met, COBRA can be continued upon the timely payment of the appropriate premium until the Retirees Employee is eligible for Medicare.

*For Retired non-Collectively Bargained Employee*

- The retired Employee has attained age 62;

- The retired Employee was eligible for this Plan’s Benefits for at least 24 months during the five years before the Employee turned age 60 or the date of retirement.
If all of these requirements are met, COBRA can be continued upon the timely payment of the appropriate premium until the Retired Employee is eligible for Medicare.

**ALERT – COVERAGE AND BENEFITS CAN BE CHANGED**

IN ALL CASES, INITIAL ELIGIBILITY AND CONTINUING ELIGIBILITY FOR RETIREE COVERAGE DEPENDS ON THE BOARD OF TRUSTEES CONTINUING RETIREE BENEFITS. THE BOARD OF TRUSTEES RESERVES THE RIGHT TO CHARGE FOR, MODIFY OR TERMINATE THE RETIREE BENEFITS AT ANY TIME. RETIREE BENEFITS ARE NOT A VESTED RIGHT.

**SECTION 2.04 - COVERED DEPENDENT** - A Covered Dependent means a lawful spouse, child, or children through the end of the month in which the child attains age 26. A Dependent child can be added only if he or she does not have other insurance or coverage available through his or her own employer or the child’s spouse’s employer. If the Participant and spouse are legally separated or divorced, the spouse is no longer eligible for coverage.

**NOTICE OF NEW DEPENDENT**

Employees must provide written proof to the Fund Office of their legal Dependent in order for Dependents to be eligible for the benefits of this Plan. For example, a copy of your marriage certificate for a spouse, a copy of a birth certificate for a child and a copy of a decree of adoption for an adopted child should be submitted. Nothing in this Section is intended to modify the Plan’s coordination of benefit provisions.

a. **Spouse**

A spouse becomes eligible as of the date of marriage, provided the Participant has submitted an updated Enrollment Form adding the spouse along with a certified marriage certificate within 60 days of the date of marriage. You are encouraged to provide proof of your marriage as soon as possible after you marry if you wish to add coverage for your new spouse.

A former spouse is not eligible for coverage under the Plan, except as required by COBRA. Eligibility and/or coverage terminates effective the last day of the month in which a divorce, legal separation, or annulment is final, subject to COBRA. The Participant is required to notify the Plan of any such change within 30 days of such change.

b. **Children**

Children include the employee’s biological child, stepchildren, foster children, or legally adopted children and any child for whom the Participant is the legal guardian.

Newborn eligible Dependents will be considered eligible from the date of birth for Benefits under the Plan, provided they are enrolled in the Plan within 30 days from the date of birth.

Newly acquired Dependents become eligible on the date acquired, provided they are enrolled in the Plan within 30 days after the date the new Dependent is acquired.

A Covered Dependent adult child who is incapable of self-sustaining employment due to mental or physical handicap is chiefly dependent upon the Employee for support, and was so handicapped and
eligible as a Dependent, shall not have his or her medical coverage terminated because he or she has reached age 26. However, the Board of Trustees may establish an age limit at any time in the future for such disabled adult children, require additional premiums for such coverage, or provide for any other special rules. Evidence of the child’s dependence and incapacity must be filed with the Board within 30 days after attaining age 26, and periodically thereafter.

Children under the age of 26 who are required to be covered by the Eligible Employee by a Qualified Medical Child Support Order (QMCSO) are also covered under the Plan. See Section 12.15 for the definition of a QMCSO.

Active Employees shall register their eligible Dependents upon forms provided by the Fund and shall furnish such other information regarding family status as the Trustees may require from time to time. Marriage certificates are required to provide coverage for a spouse under the Plan. Birth certificates are required to provide coverage for a Dependent child under the Plan.

**SECTION 2.05 – EXTENSION OF BENEFITS – SHORT TERM DISABILITY** – If the Employee is Totally Disabled and under the care of a Physician at the time coverage ends due to loss of eligibility, Basic Medical benefits and Major Medical benefits shall be extended for Covered Expenses incurred by that Employee after the date of termination. Extended Basic Medical benefits and major Medical benefits are subject to the same terms that would have applied if Basic and Major Medical benefit had remained in force.

a. **Extended Employee benefits are available only for Covered Expenses incurred:**
   - (1) for treatment of the specific Illness or Injury that caused the Employee’s Total Disability;
   - (2) while the Employee remains Totally Disabled;
   - (3) for a period not to exceed twelve months of extended Major Medical benefits.

b. **Employee extension of benefits is provided until the first of the following occurs:**
   - (1) the employee is no longer Totally Disabled; or
   - (2) the Major Medical Lifetime Maximum benefit has been issued for the Employee; or
   - (3) the date on which the Employee becomes covered under any plan providing benefit similar to the extended benefits of this Plan; or
   - (4) upon completion of the maximum period of extension of benefits for Basic Medical benefits or Major Medical benefits.

c. **Written certification must be submitted by a Physician that the Employee is Totally Disabled.** The Fund must receive this certification within 31 days of termination. At least once every 60 days while benefits are extended, the Fund may request proof that the Employee continues to be Totally Disabled (and eliminate such coverage if proof is not timely provided).

**SECTION 2.06 – EMPLOYEE AND/OR DEPENDENT/COST OF COVERAGE** - An Employee and his or her dependents may be required to contribute toward the cost of the coverage provided in the Plan.

**SECTION 2.07 – TERMINATION OF DEPENDENT ELIGIBILITY** – A Dependent’s eligibility terminates when the Participant’s coverage terminates or when the individual ceases to meet the Plan qualifications of an eligible Dependent. Terminations occur as follows:

1. The date the person ceases to be a Dependent as defined in the Plan.
2. The date that the Participant who has Covered Dependents ceases to be eligible under the Plan.

SECTION 2.08 – DEATH OF AN EMPLOYEE – Upon the death of an Employee with eligible Dependent(s) under the Plan, such Dependents shall continue to be eligible for benefits until the deceased Employee’s reserve hours are exhausted. Such Dependents may then become eligible for Retiree coverage, provided the Retiree coverage eligibility requirements by the Employee are met as described in the Retiree Eligibility section (refer to section 2.03). Benefits terminate on the date the surviving spouse remarries, the Dependent child is no longer an eligible Dependent, or becomes eligible for coverage under any other group plan.

ARTICLE III: MEDICAL BENEFITS (Covered Expenses)

If, as a result of non-occupational accidental injury or illness, a Covered Person incurs medical expenses described in this Article, the Plan shall reimburse the designated eligible charge for specified Outpatient and specified Inpatient expenses shown in the “SCHEDULE OF BENEFITS” actually incurred during a calendar year which exceed the amount of the deductible, but not to exceed the maximums specified in the “SCHEDULE OF BENEFITS”. The benefits described in this Article are “first-dollar” Basic Medical benefits, subject to Usual, Customary and Reasonable charges incurred for Medically Necessary treatment of a non-occupational Illness or Injury.

SECTION 3.01 – CALENDAR YEAR DEDUCTIBLE. The Deductible Amount applies during each calendar year and is satisfied when Covered Expenses incurred by a Covered Person exceeds the Deductible Amount specified as a Covered Plan Allowable. The calendar year deductible is waived when there is dual coverage and the Trust is the secondary plan. The Board of Trustees may amend or otherwise change the schedule of benefits at any time.

The deductible is the amount of Covered Expense which must be incurred during each calendar year before Major Medical Benefits are payable. The amount of the deductible for each Participant is the first $250 of Covered Expense incurred in a calendar year will satisfy the family deductible maximum of $750 for that particular calendar year. Three deductibles met in full by three Participants in the same family during a calendar year will satisfy the family deductible maximum of $750 for that particular calendar year.

Non-Covered expenses or expenses in excess of the Scheduled Allowance may not be used to satisfy the deductible. Only Covered Expenses incurred after a Participant’s effective date of coverage may be used to satisfy the calendar year deductible.

Deductible Carryover Provision

Covered Expenses incurred and applied against the deductible in the last three months of a calendar year may also be applied against the deductible for the next calendar year.

PERCENTAGE PAYABLE AND COINSURANCE LIMIT

After the deductible has been satisfied, the Plan shall pay the applicable percentage of the first $10,000 of Covered Expenses incurred by each Participant in a calendar year, and 100% thereafter for the remainder of that calendar year.

SPD
Percentages payable vary between 50% and 100%, depending on the particular Preferred Provider or Non-Preferred Provider that is utilized. Please refer to the Preferred Provider Directory that is updated by the Fund periodically.

Charges which have been reduced under the Plan due to out-of-pocket amounts in excess of Covered Expenses are not applied toward the coinsurance limit.

SECTION 3.02 – INPATIENT HOSPITAL SERVICES

HOSPITAL AND MEDICAL REVIEW PROGRAM
Provided by the Fund
For Employees and their Eligible Dependents

*Any elective, non-emergency Hospital confinement is subject to Hospital Precertification.*

This means that you or your Physician need to notify the Professional Review Organization (PRO) PRIOR TO the Hospital admission. The PRO will determine whether or not the Hospital confinement is Medically Necessary, and if Medically Necessary, the number of precertified days eligible for Benefit coverage according to the terms of the Plan. (For the definition of Medically Necessary, please refer to page 1.)

The membership card which was issued to you by the Plan has the telephone number that your Physician will need in order to comply with the review requirements, or you can tell the Plan Office at (775) 826-7200. *It is your responsibility to notify your Physician of this Hospital Precertification Program. Check with your Physician to ensure receipt of your pre-admission certification from the Professional Review Organization.*

Emergency confinements where prior approval from the PRO cannot be obtained are not subject to Hospital Precertification. However, if you or your Dependent are admitted to a Hospital for an Emergency confinement, you or the facility need to notify the Professional Review Organization as soon as possible after being admitted. The PRO will conduct a *Continued Stay Review (Concurrent Review)* to determine Medical Necessity.

Group health plans and health insurance generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. Benefits for a shorter period will apply if the patient's attending provider, after consultation with the mother, has approved an earlier discharge. In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

The *Continued Stay Review Program* is designed to assure that each day in the Hospital is Medically Necessary. After a Participant is admitted, *Continued Stay Review* takes place at intervals to determine if continued confinement is Medically Necessary. The length of stay you physician proposes will be reviewed, and in most cases, the review confirms that intended care is Medically Necessary. If the intended care appears to be too long, the PRO may consult with your physician to discuss the case further. If the Professional Review Organization determines that all or part of a confinement is not Medically Necessary and a Participant is nevertheless hospitalized during the non-certified period, **no Basic or Major Medical Benefits will be paid for confinement**
during the non-certified period.

If a Participant is admitted to a Hospital that does not participate in a Concurrent Review Program, the confinement will be reviewed by the PRO after the Participant leaves the Hospital. If the PRO finds that all or part of the confinement was not Medically Necessary, no Basic or Major Medical Benefits will be paid for confinement during the non-certified period.

If you do not agree with the final determination of the Professional Review Organization, you may appeal directly to the Board of Trustees following procedures described in this booklet under CLAIMS REVIEW PROCEDURES.

Exception to Hospital and Medical Review Program – You are not required to comply with this Program when this Plan is the secondary payor (refer to the COORDINATION OF BENEFITS section of this booklet.

LARGE CASE MANAGEMENT

In some instances, a patient’s needs may be met as well or better by offering an alternative treatment to an acute care Hospital confinement. Such alternatives could include Home Health Care, Hospice Care, or care in a Convalescent Facility or Skilled Nursing Facility. In those cases involving long-term disabling diseases or frequent readmissions, the Professional Review Organization (PRO), working with the patient’s Physician, assesses whether alternative care is suitable for the patient and that health care services are carried out in a manner that ensures continuity and quality of care. There is no charge to the Participant for services of a case manager.

PREFERRED PROVIDER PLAN – Hospital and Physician Contracting Program

The Fund has entered into preferred provider arrangements with many Hospitals, Physicians, Allied Health Professionals, Pharmacies and other covered facilities to provide care and services to you and your Dependents at discounted fees. These arrangements entitle you to a discount when you use any of the Preferred Providers. By using Preferred Providers you will be helping to control health care expenses, which will help the Fund maintain current Benefit levels and minimize future cost increases for the Plan, as well as reduce costs for yourself.

The current list of Preferred Providers is contained in the separate Preferred Provider Listing, which is updated periodically, and furnished to Participants at no charge. Contact the Plan Office or refer to the Preferred Provider Listing for information on the percentages payable and the names of the current Preferred Providers.

It is important to note that using a Non-Preferred Provider may result in a reduction of Benefits payable, and your out-of-pocket expenses will be significantly higher. The Benefit payable for any Non-Preferred Provider is based on the Schedule of Allowances as updated from time to time by the Board of Trustees. You may contact the Plan Administrator for information regarding the allowances for specific services or procedures.

If a Participant is admitted to a Hospital due to Illness or Injury, Benefits will be extended for:

a. Daily room and board charges for each day of confinement.

b. Charges for an intensive care unit.

c. Hospital charges for other ancillary services and supplies provided during confinement.
Hospital ancillary services or supplies may include (but are not limited to):

- General nursing services (not private duty nursing)
- Use of operating and cystoscopic rooms
- Surgical and anesthetic supplies, splints, casts and dressings
- Oxygen, drugs and medical equipment utilized during confinement
- Laboratory and x-ray examinations, physiotherapy and/or hydrotherapy
- Take-home medications prescribed by the attending Physician and dispensed by the Hospital pharmacy at the time of discharge

d. Confinements for a maternity related condition are considered as for any other condition. Benefits are extended for hospitalization of a new mother and her newborn infant for at least 48 hours following normal vaginal delivery, and at least 96 hours following cesarean section. Refer to the HOSPITAL AND MEDICAL REVIEW PROGRAM section of this booklet.

**Inpatient Treatment of Dental Injury**

Benefits are extended for services of a Physician (M.D.) or Dentist (D.M.D.) treating an accidental Injury to sound natural teeth that have not been extensively restored or have become extensively decayed or diseased, if treatment is performed:

- while the Participant is confined as an inpatient in a Hospital, and
- within one year of the date of the accident.

For the purposes of this Benefit, “sound natural teeth” means natural teeth (not teeth which have been restored with crowns, fixed or removable prosthodontics), which are free of active or chronic clinical decay, have at least 50% bony support, are functional in the dental arch and have not been excessively weakened by previous dental procedures.

Services to alter vertical dimension or restore occlusion to sound natural teeth are not covered.

**SECTION 3.03 – CONVALESCENT FACILITY OR SKILLED NURSING FACILITY** – If a Participant is confined in a Hospital for at least three consecutive days and is then admitted to a Convalescent Hospital or Skilled Nursing Facility within seven days of Hospital discharge, the Plan will reimburse up to 50% of the discounted rate for a PPO Provider or 50% of the Scheduled Allowance for a non-PPO Provider provided the Participant is under the care of a Physician and has been referred to the facility by a Physician.

**SECTION 3.04 – OUTPATIENT EMERGENCY CARE/OUTPATIENT SURGICAL CENTER**

*Elective, non-emergency surgical procedures need to be reviewed by the Professional Review Organization (PRO) prior to surgery to determine Medical Necessity.*

1. Hospital outpatient emergency room use, supplies, ancillary services, drugs and medicines, when required for Emergency Treatment of Illness or Injury.

2. Surgical procedure(s) performed in the outpatient department of a Hospital or at an Outpatient Surgical Center.

3. Outpatient hemodialysis, radiation therapy, and chemotherapy.
SECTION 3.05 – MANIPULATION OF THE MUSCULOSKELETAL SYSTEM – Benefits are extended for treatment of the vertebrae, spine, back or neck, including chiropractic services by a licensed Chiropractor, up to a maximum of 25 treatments per calendar year.

Contract Provider: 80% of the negotiated rates
Non-Contract Provider: 70% of the Scheduled Allowance shown in Appendix A

(1) In State -$21.98 per visit and Out of State -$25.20 per visit.

2. When regional or general anesthesia (not including local infiltration anesthesia) is provided by the primary operating or assisting Physician, the amount payable is determined by the “basic” value for anesthesia without added value for time.

3. If an incidental procedure (i.e., incidental appendectomy, lysis of adhesions, excision of previous scar, puncture of ovarian cyst) is performed through the same incision, the benefit will be based on the major procedure only.

4. When multiple or bilateral surgical procedures, which adds significant time or complexity, are performed at the same operative session, Covered Expense will not exceed 100% (full value) for the major procedure, plus 50% or a second procedure, plus 25% for a third procedure, plus 10% for a fourth procedure, plus 5% for successive procedure(s).

5. Benefits for preoperative, surgery, and/or postoperative care will be based on “Surgery Value Guidelines” as outlined in Relative Values for Physicians, and as updated from time to time.

Under federal law, group health plans that provide medical and surgical benefits in connection with a mastectomy must provide benefits for certain reconstructive surgery. This covers all stages of reconstruction of the breast on which the mastectomy was performed, surgery on the other breast to produce a symmetrical appearance, and prostheses and physical complications of all stages of a mastectomy, including lymphedemas. This coverage is subject to the Plan’s calendar year deductible and coinsurance provisions.

If you become Totally Disabled and are unable to perform the substantial and material duties of any gainful occupation, your Life Insurance Benefit will continue without premium payments while you are Totally Disabled if (a) the Total Disability begins while you are insured and before you reach age 60, (b) the disability has existed uninterruptedly for 9 months, and (c) you have not converted your Life Insurance Benefit. The amount of insurance will be subject to reductions based on your age. The Life Insurance Benefit provisions state that the necessary forms and written proof of Total Disability must be submitted to The Union Labor Life Insurance Company after you have been disabled for 9 months but within 1 year from the date you first became disabled. You will be required to submit evidence of your continuing Total Disability during the last 3 months of each successive one-year period of your disability.

However, the benefit amount cannot exceed the lesser of (a) the benefit amount available on the date of termination less any life insurance for which you are eligible or become eligible under any Group Policy within the conversion period, or (b) $2,000.

The converted life insurance policy will be in exchange for all your rights under the Master Group Insurance Policy. The premium payable for a converted life insurance policy will be based on (a) your age on the effective date of the individual policy, (b) your class risk, and (c) the form and amount of coverage to be provided.
If a person dies during the 31-day period allowed for conversion, The Union Labor Life Insurance Company will pay the Life Insurance Benefit that the person could have converted to the last beneficiary named, whether or not he has applied for conversion or paid the first premium.

A lien shall exist in favor of the Plan upon all sums of money recovered by the Covered Person against the third party. The lien may be filed with the third party, the third party's agents, or the court. The Covered Person shall do nothing to prejudice the Plan’s rights as described above without the Plan’s written consent.

If the Covered Person does not attempt to recover benefits paid by the Fund or for which the Fund may be obligated, the Plan shall, if in the Plan and Participants’ best interest and at its sole discretion, be entitled to institute legal action or claim against the responsible parties, against any uninsured or underinsured insurance coverage, or against any other first-party or third-party contract or claim in the name of the Fund or Trustees in order that the Fund may recover all amounts paid to the Covered Person or paid on their behalf.

4. If the Covered Person settles or compromises a third party liability claim in such a manner that the Plan is reimbursed in an amount less than its lien, or which results in a third party or its insurance carrier being relieved of any future liability for medical costs, then the Covered Person shall receive no further benefits from the Trust in connection with the medical condition forming the basis of the third party liability claim unless the Board of Trustees or its duly authorized representative has previously approved the settlement or compromise, in writing, as one which is not unreasonable from the standpoint of the Trust. **The Plan may offset any future claims incurred by the Participant and/or his or her family members against amounts owed to the Plan.**

**SECTION 12.12 - PARTICIPANT ON ACTIVE MILITARY SERVICE:**

1. **Military Duty.** If a Participant is called to active military duty for a period of 30 days or longer, the Participant may elect either of the following options:

   a. to have his or her Reserve Hour Bank frozen as of the first day of the month following the commencement of active service, which will terminate all eligibility for the Employee and any dependents; or
   
   b. to continue the eligibility of the Employee's dependents using the Employee's Reserve Hour Bank, until it is depleted (and then be eligible to pay a premium for COBRA).

2. **Eligibility Rules for USERRA.** To qualify for re-employment rights under the Uniformed Service Employees Reemployment Rights Act ("USERRA"), including certain limited health care benefits (summarized below), a Covered Employee must meet the following requirements:

   a. **Purpose of Leave.** The employee had to leave civilian employment for the purpose of entering a "uniformed service." Uniformed services includes the
Army, Navy, Air Force, Marine Corp, Coast Guard, National Guard (full time duty), Commissioned Corps of Public Health Service and anyone else designated as Covered by the President of the United States during time of war or National Emergency.

b. Employee Provide Prior Notice of Service. An employee leaving for uniformed service has to provide prior notice that his or her absence will be due to uniformed service. Written notice is not required. You are strongly urged to notify the Union Dispatch Office so that the uniformed service may be noted on the dispatch rolls, your employer, and the Plan Office so the Plan is aware of your situation.

c. Assert Military Rights for no More than Five Years (with certain exceptions). You may assert USERRA benefits for military absence not to exceed five years. There are limited exceptions to the five-year rule so if you are close to that period, you may contact the Plan Office to determine if your situation may meet an exception to the five-year rule.

d. Employee Must be Honorably Discharged from Service. The employee must have been honorably discharged from the military service.

e. Return to Covered Employment within a Specified Period. You must return to your same employer or another employer that contributes to the Plan within a specified period, depending upon the length of time you are absent for military service. The rules for return to employment are:

   (1). Service of Less than 31 Days. If your period of military service is less than 31 days, you must be available for Covered Employment on the next calendar day (so long as you had at eight hours rest after returning home by normal transportation methods) following the end of service.

   (2). Service of More than 30 and Less than 181 Days. If your military service lasts longer than 30 days but less than 181 days, you must be available for Covered Employment no later than 14 days after completion of military service.

   (3). Service of More than 180 Days. If your leave from Covered Employment for military service exceeds 180 days, you must be available for Covered Employment no later than 90 days after you have completed your military service.

3. Right to Certain Health Care Benefits Under the Plan

a. Less than 31 Days of Service-One Month of Free Coverage. If you are absent from Covered Employment for less than 31 days, you may elect to continue your coverage with the Plan at the expense of the Plan.

b. Absent for More than 30 Days. If you are absent from Covered Employment as a result of military service for more than 30 days, you may elect to purchase COBRA-like coverage for up to 24 months (the first month of which is free). After that first 30 days, you will be required to pay a premium of 102% of the Plan's cost of the coverage. Typical rights under COBRA are for 18 months,
rather than the longer 24-month periods for veterans. USERRA’s continuation requirements are similar but not identical to COBRA’s requirements. Your absence for service in the uniformed services will trigger rights under both statutes, and you are entitled to protection under the law that provides the most favorable benefit.

c. **Hour Bank Frozen if so Requested.** Unless you request otherwise, your Hour Bank under the Plan will be frozen effective with the first of the month following the month that eligibility will be provided from your last hours of employment before entering the service. For example, if you last worked January, you will have your Hour Bank frozen as of March, with coverage for April provided at the Plan’s expense. If you wish to continue coverage for up to the additional 23 months after April, you may then do so by electing and paying COBRA-like payments to the Plan Office. After you return to Covered Employment (with proper notice and documentation), your Hour Bank will be reinstated in accordance with the Plan rules.

d. **Twenty Four Months of Continuation Coverage.** The Participant and/or any Dependents will be eligible to pay for Continuation Coverage for up to 24 consecutive months. Coverage under the Participant’s Hour Bank will recommence after discharge from active military duty if the Employee returns to work for a contributing Employer or becomes available to work for a contributing Employer as shown by registration on the Union’s out-of-work list provided the Employee returns to work or registers within 90 days of discharge.

The federal Health Insurance Portability Accountability Act of 1996 (“HIPAA”) provides that group health plans must limit the time for which coverage is not provided for pre-existing conditions. The law also provides that your coverage under this Plan will reduce the pre-existing condition limitation period of another plan for which you become eligible. For example, if the other plan has a 12-month pre-existing condition limitation and you have been eligible under this Plan for 12 months prior to becoming eligible under the other plan, the pre-existing condition limitation of the other plan will not apply to you.

When you experience a qualifying event under this Plan, the Plan Office will transmit to you, along with your initial COBRA notice (see pages 19-22 for a summary of your COBRA rights), a certification of the number of months for which you and your Dependents have been eligible for benefits under this Plan. The certificate of former group health plan coverage provides evidence of your health coverage under the U.A. Local 350 Health and Welfare Plan. You may also need this certificate to buy, for yourself or your family, an insurance policy that does not exclude coverage for medical conditions that are present before you enroll. If you are eligible for coverage due to new employment, you may want to furnish a copy of this certificate to your new Employer in order to obtain eligibility for the maximum amount of benefits through employment as quickly as is possible.

You and/or your new Employer should contact the Plan Office if any additional information certifying your coverage under this plan is required. If you become eligible for health benefits under a plan with no pre-existing condition limitation (which limits the coverage available to you), your right to continue coverage under this Plan pursuant to COBRA terminates.
Notice of Availability of HIPA Privacy Notice

The federal Health Insurance Portability and Accountability Act of 1996 ("HIPA") requires that the Plan periodically remind you of your right to receive the Plan’s HIPA Privacy Notice. You can request a copy of the Privacy Notice by contacting the Plan office at the address listed on page I of this booklet.

SECTION 12.14 – FAMILY MEDICAL LEAVE ACT--EMPLOYEES OF LARGER EMPLOYERS:

Certain large Employers may have to continue to pay for your health coverage during an approved leave under the federal or state Family and Medical Leave Act (FMLA). In general, you may qualify for up to 12 weeks of unpaid FMLA leave per year if:

   a. Your Employer has at least 50 Employees;
   b. You worked for the Employer for at least 12 months and for a total of at least 1,250 hours during the most recent 12 months; and
   c. You require leave for one of the following reasons:

      i. birth or placement of a child for adoption or foster care,
      ii. to care for your child, spouse or parent with a serious medical condition, or
      iii. your own serious health condition. Details concerning FMLA leave are available from your Employer.

Requests for FMLA leave must be directed to your Employer; the Plan Office cannot determine whether you qualify. If a dispute arises between you and your Employer concerning your eligibility for FMLA leave, you may continue your health coverage by making COBRA self-payments to the Plan. If the dispute is resolved in your favor, and your Employer makes the required contributions, the Plan will refund the corresponding COBRA payments to you. If your Employer continues your coverage during an FMLA leave and you fail to return to work, you may be required to repay the Employer for contributions made for your coverage during the leave.

SECTION 12.15 – QUALIFIED MEDICAL CHILD SUPPORT ORDERS

The Plan will recognize a Qualified Medical Child Support Order (QMSCO) and enroll as directed by the Order any covered child of an Employee specified by the Order. A Qualified Medical Child Support Order is any judgment, decree or order (including approval of a domestic relations settlement agreement) issued by a court or by an administrative agency under applicable state law which:

   (a) provides the child of a Plan Participant with child support or directs the Participant to provide the child with coverage under a health benefits plan, or
   (b) enforces a state law relating to medical child support pursuant to Section 1908 of the Social Security Act which provides in part that if the Employee parent does not enroll the child, then the non-Employee parent or State agency may enroll the child.

To be Qualified, a Medical Child Support Order must clearly specify:
• the name and last known mailing address of the Participant and the name and mailing address of each child covered by the Order,
• a description of the type of coverage to be provided by the Plan to each such child,
• the period of coverage to which the Order applies, and
• the name of each Plan to which the Order applies.

A Medical Child Support Order will not qualify if it would require the Plan to provide any type or form of benefit or any option not otherwise provided under this Plan, except to the extent necessary to comply with Section 1908 of the Social Security Act.

Payment of Benefits by the Plan under a Medical Child Support Order to reimburse expenses claimed by a child or his custodial parent or legal guardian shall be made to the child or his custodial parent or legal guardian if so required by the Medical Child Support Order.

No eligible Participant’s child covered by a Qualified Medical Child Support Order will be denied enrollment on the grounds that the child is not claimed as a Dependent on the parent’s Federal income tax return or does not reside with the parent.

SECTION 12.16 – THE NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Group health plans generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean delivery. Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, the Plan may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

SECTION 12.17 – THE WOMEN’S HEALTH AND CANCER RIGHTS ACT

Your health plan, as required by the Women’s Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including:

• All stages of reconstruction of the breast on which the mastectomy was performed;
• Surgery and reconstruction to achieve symmetry between the breasts;
• Prostheses, and
• Complications resulting from a mastectomy (including lympha-dema).

Call the Plan Office for more information.

SECTION 12.18 – CHANGES ALLOWED UNDER THE CHILDREN’S HEALTH INSURANCE PROGRAM REAUTHORIZATION ACT OF 2009

The Children’s Health Insurance Program Reauthorization Act of 2009 created a new special enrollment period that applies to group health plans, similar to those currently in effect for the loss of eligibility for other group coverage or qualifying life status changes. Under this Act, group health plans must permit those eligible for group health plan coverage to enroll in the Plan if they:
• Lose eligibility for Medicaid or SCHIP coverage or
• Become eligible to participate in a premium assistance program under Medicaid or SCHIP

In both cases, you must request special enrollment within 60 days (of the loss of Medicaid/SCHIP or the eligibility determination.

SECTION 12.19 – CLAIM FORMS

All claims for benefits shall be filed on forms provided by the Plan, which will be available from the Plan Office. The Plan, upon receipt of a written notice of claim, will furnish such forms to the claimants.

SECTION 12.20 – PROOF OF LOSS

Written proof of loss must be furnished to the Plan for any claim of benefits payable under the Plan, other than Death or Prescription Drug Benefit, within 180 days after the beginning date of such loss. A proof of loss shall be considered to have been furnished as soon as a claim is received at the Plan Office, provided the claim is substantially complete, with all necessary documentation required by the form. If the form is not substantially complete, or if required documentation has not been furnished, the claimant will be notified as soon as possible of what is necessary to complete the claim. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if the Trustees determine it was not reasonably possible to give proof within such time, provided, except in the absence of the claimant’s legal capacity, it is later than one year from the time proof is otherwise required.

SECTION 12.21 – PAYMENT OF CLAIMS

Subject to any written direction of the Participant in an application or otherwise, all or a portion of any benefits provided by the Plan on account of hospital, medical or surgical services may, at the Plan’s option, and unless the claimant requests otherwise in writing, no later than the time for filing proof of such loss, be paid directly to the Hospital or individual rendering such services.

Amounts payable for other than Death Benefits will be paid to the claimant subject to the provisions set forth in this section, or if the claimant is deceased, to the claimant’s beneficiary.

SECTION 12.22 – PHYSICAL EXAMINATION

The Plan, at its own expense, has the right and opportunity to have a physician or provider of its choice examine the person of any individual whose injury or sickness is the basis of a claim, when and as often as it may reasonably require during the continuance of a claim under the Plan.

SECTION 12.23 - CONSTRUCTION

The validity of the Plan or any of its provisions will be determined under and will be construed according to ERISA and other federal law and, to the extent permissible, according to the laws of the State of California. This Plan is intended to be construed as a whole, but in the event any provision of this Plan is held illegal or invalid for any reason, such determination will not affect the remaining provisions of this Plan and the Plan will be construed and enforced as if said illegal or invalid provision had never been included.
SECTION 12.24 – NO VESTED RIGHT

Nothing in this Plan shall be construed as giving Employees, retired or terminated, dependents or any other person a vested right to continued coverage under this Plan. The Trustees retain full authority to amend or terminate coverage at any time.

SECTION 12.25 – FACILITY OF PAYMENT

Any death benefit payable to a minor may be paid to the legally appointed guardian of the minor or, if there is no such guardian, to such adult or adults as have complied with the requirements of California or other applicable law for receipt of such benefit on behalf of the minor, after which the Plan shall have no further obligations with respect to such minor.

SECTION 12.26 – AVAILABLE ASSETS FOR BENEFITS

Benefits provided by this Plan can be paid only to the extent that the Fund has available adequate resources for such payments. No contributing Employer has any liability, directly or indirectly, to such payments. No contributing Employer has any liability, directly or indirectly, to provide the benefits established hereunder beyond the obligation of the contributing Employer to make contributions as required in the collective bargaining agreement.

In the event that at any time the Fund does not have sufficient assets to permit continued payments hereunder, nothing contained in this Plan shall be construed as obligating any contributing Employer or any U.A. Local to make benefit payments or contributions in order to provide for the benefits established hereunder. Likewise, there shall be no liability upon the Board of Trustees, individually or collectively, or upon any contributing Employer, the Union, signatory association or any other person or entity of any kind to provide the benefits established hereunder if the Fund does not have sufficient assets to make such benefit payments.

SECTION 12.27 – GENDER AND NUMBER

Wherever applicable, the masculine pronoun as used herein shall include the feminine and the singular the plural.

SECTION 12.28 – OVERPAYMENTS; DUTY OF COOPERATION

Whenever a payment or payments are made in excess of the allowable amount payable under the Plan, the Fund has the right to recover such excess payments from any person(s), service plan or any other organization to or for which the excess payments were made.

If an overpayment of benefits has been made to or on behalf of the employee or dependent, the Fund, at its option, may require immediate repayment in full, set-off the overpayment from current and future benefit payments, including benefit payments due on behalf of another covered family member, and/or institute legal action to collect the overpayment and related costs and attorneys fees and interest.

You and your covered dependents must provide the Fund with any information the Fund deems necessary to determine eligibility, process claims and/or implement Plan terms. Failure to provide any information requested by the Plan or its agents may result in the rejection of a claim for benefits.

SPD
If an overpayment results from misrepresentations made by or on the behalf of the recipient of the benefits, the Fund may also obtain reimbursement of interest, professional fees incurred and other damages related to that over-payment.

A claim for benefits will be rejected and the Fund will be entitled to recover money that you, your dependents or a service provider have received if a false statement or omission of a material fact was purposely made by any person in order to receive benefits. The Fund may also obtain reimbursement of interest on this money as well as professional fees incurred and other damages.

ARTICLE XIII: COORDINATION OF BENEFITS (COB)

All benefits of this Plan are subject to Coordination of Benefits (COB) and benefits are coordinated when you and your spouse (and/or your dependent children) are eligible for benefits from both this Plan and another group health plan (usually your spouse’s plan). Coordination allows benefits to be paid by two or more plans up to but not to exceed 100% of the allowable expenses on the claim. COB payment amounts shall not exceed the contracted maximums of the contract providers. At no time will the Plan pay more than for what the Participant is financially responsible.

SECTION 13.01 - PURPOSE - The intent of this Article is to guarantee that the amount of benefits paid under this Plan plus the amounts of benefits paid under all other plans shall not exceed the actual cost charged for a treatment or service.

1. COB Claims. Benefits are coordinated on all employee, retiree and dependent claims. COB applies only to medical, prescription drug and dental benefits—it does not apply to vision benefits, Life Insurance, AD&D Insurance or Weekly Disability Benefits.

2. Sharing of Information. The Fund Office may release or receive necessary information about your claim to or from other sources. You must furnish the Fund Office with any information it needs to process your claim.

3. Claim Filing Requirement. You must file a claim for any benefits you are entitled to from any other source. Regardless of whether you file a claim with these other sources, the benefits payable by this Plan will be calculated as though you have received any benefits you are entitled to from the other source(s).

4. Other Group Plans. Benefits are coordinated with other group plans, including group Blue Cross and Blue Shield plans, motor vehicle insurance, and blanket insurance plans. If you or your spouse are covered under another plan, you can contact the Plan Office to find out whether that plan fits the definition of a group plan.

5. Medicare. Benefits are also coordinated with Medicare. If a person is eligible for Medicare, this Plan’s benefits will be calculated as though he is enrolled in both Part A and Part B of Medicare, even if he has not actually enrolled in both Parts. (See Section 13.05 for more detail.)

6. File Claims with Other Plans Too. When anyone in your family is covered under another group health plan and has a claim, be sure that you file claims with all eligible plans and provide all required information about other coverage on all claim forms.
7. Failure to Take Action. If a person is covered under one or more other plans in addition to this Plan, this Plan will coordinate benefits on the assumption that the other plans’ rules were followed, that required providers were used, and that the other plans’ maximum benefits were paid. This Plan will not pay benefits for expenses which would have been covered by another plan but which are not covered by the other plan because the person failed to take the action required under the other plan’s rules. This could occur in a case where the person was required by the other plan to use certain doctors or hospitals under an HMO or PPO plan. Or it could occur in cases where the person failed to comply with the other plan’s required utilization review or cost containment procedures, such as hospital preadmission review, second surgical opinions, certification of other types of treatment, or any other required notification or procedure of the other plan, including failing to file a claim on time.

8. Auto Insurance and Other Policies. In the event a covered person is eligible for benefits under this Plan as well as under other group or individual fault or no-fault automobile insurance policies, this Plan’s benefits will coordinate with those under the automobile insurance policies, so that the total benefits be paid under all policies do not exceed 100% of the total allowable expenses actually incurred. In all cases where a covered person is eligible for receipt of benefits under a no-fault automobile insurance policy, the automobile insurance carrier will be primary.

SECTION 13.02 - DEFINITIONS -

1. COORDINATION - shall mean benefits are paid so that no more than 100% of the Network Allowance shall be covered under the combined benefits from all of the plans shown in paragraph 2 below.

2. PLAN - shall mean any medical expense benefits provided under:
   a. any insured or non-insured group, service, prepayment, or other program arranged through an Employer, Trustee, union, or association; or
   b. any program required or established by state or federal law (including Medicare Parts A and B); or
   c. any program sponsored by or arranged through a school or other educational agency; and the first party medical expense provisions of any automobile policy issued under a no-fault insurance statute including the self-insured equivalent or any minimum benefits required by law except that the term Plan shall not include benefits provided under a student accident policy or any individual policy, nor shall the term Plan include benefits provided under a state medical assistance program where eligibility is based on financial need.

The term Plan shall apply separately to those parts of any program that contain provisions for coordination of benefits with other plans and separately to those parts of any program that do not contain such provisions.

3. ALLOWABLE EXPENSE - shall mean all Prevailing Charges for treatment or service when at least a part of those charges are covered under at least one of the Plans then in force for the Covered Person for whom benefits are claimed.

4. CLAIM DETERMINATION PERIOD - shall mean the part of a calendar year during which a Covered Person would receive benefit payments under this Plan if this Article were not in
force.

**SECTION 13.03 - EFFECT ON BENEFITS** - Benefits otherwise payable under this Plan for Allowable Expenses during a Claim Determination Period shall be reduced if:

1. benefits are payable under any other Plan for the same Allowable Expenses; and

2. the rules listed in Section 10.04 below provide that benefits payable under the other Plan are to be determined before the benefits payable under this Plan.

The reduction shall be the amount needed to provide that the sum of payments under this plan plus benefits payable under the other Plan(s) is not more than the total of Allowable Expenses. Each benefit that would be payable in the absence of this Article shall be reduced proportionately; any such reduced amount shall be charged against any applicable benefit limit of this Plan.

For this purpose, benefits payable under other Plans shall include the benefits that would have been paid had claim been made for them. Also, for any person covered by Medicare Part A, benefits payable shall include benefits provided by Medicare Part B, whether or not the person is covered under that Part B.

**SECTION 13.04 - ORDER OF BENEFIT DETERMINATION** - Benefits payable from a Plan that does not have a coordination of benefits provision substantially similar to the provision described in this Article are determined before the benefits payable of a Plan that does have such a provision. In all other instances, the order of determination shall be:

1. **EMPLOYEE vs. DEPENDENT / PRIMARY vs. SECONDARY.** The benefits of a Plan that cover the person for whom benefits are claimed as an Employee (other than as a Dependent) are determined before the benefits of a Plan that cover the person as a Dependent.

2. **DEPENDENT CHILD - PARENTS NOT SEPARATED OR DIVORCED** (Birthday rule). Except as stated in Paragraph 3 below, when this Plan and another Plan cover the same child as a Dependent of different persons the benefits of the Plan of the parent whose birthday falls earlier in a calendar year are determined before those of the Plan of the parent whose birthday falls later in that year; but if both parents have the same birthday, the benefits of the Plan which covered the parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.

If, however, another Plan does not have the rule described above, but instead has a rule based on the gender of the parent, and if, as a result, the Plans do not agree on the order of benefits, the rule in the other Plan shall determine the order of benefits.

3. **NATURAL DEPENDENT CHILD - SEPARATED OR DIVORCED PARENTS.** If two or more Plans cover a Dependent child of divorced or separated parents or parents not living together, benefits for the child are determined in this order:
   a. first, the Plan of the natural parent with custody of the child;
   b. then, the Plan of the spouse (if any) of the parent with custody of the child;
   c. the Plan of the natural parent not having custody of the child;
   d. the Plan of the spouse (if any) of the non-custodial parent.

If there is joint physical custody of the children, without the Court stating that one parent must
be “primary,” but the Court uses words like “maintain or carry insurance,” then the Plan that has been in effect longer is the primary plan.

If, however, the specific terms of a court decree state that one of the parents is responsible for the child’s health care expenses or coverage, and the entity obligated to pay or provide the benefits of the Plan of that parent has actual knowledge of those terms, the benefits of that Plan are determined first. (Primary)

4. **OTHER DEPENDENT CHILDREN.** This Plan shall always pay secondary to any other group type coverage.

5. **ACTIVE/INACTIVE EMPLOYEE.** The benefits of a Plan which covers the person for whom benefits are claimed as an Employee who is neither laid off nor retired, or as that Employee's Dependent, are determined before the benefits of a Plan which covers that person as a laid off or Retired Employee or as that Employee's Dependent. If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule shall not apply.

6. **LONGER/SHORTER LENGTH OF COVERAGE.** If none of the above rules determines the order of benefits, the benefits of the Plan that covered the person (for whom the claim is filed) for the longest period will pay first.

7. **DEPENDENTS OF DECEASED ACTIVE EMPLOYEES.** This Plan shall always pay secondary to any other group type coverage.

**SECTION 13.05 – COORDINATE WITH MEDICARE**

1. **EMPLOYEES CONTINUING TO WORK AFTER AGE 65.** If you continue to work for a contributing employer after you become age 65 and eligible for Medicare, you are entitled to the same benefits as employees under age 65 as long as you meet the regular eligibility rules. This Plan will be your primary provider of health care benefits unless it is legally permitted to pay second. Medicare will pay secondary benefits only for expenses covered by it and which are not paid by the Plan.

   If your dependent spouse is age 65 or older and eligible for Medicare while you are still working and eligible (regardless of your age), this Plan will usually pay its normal benefits for her before Medicare pays unless it is legally permitted to pay second. If she is covered under her own plan, her plan will pay first, this Plan will usually pay second, and Medicare will pay last.

2. **RETIREEs (AND THEIR SPOUSES) ELIGIBLE FOR MEDICARE.** If you are an eligible retiree, and if you and/or your spouse are eligible for Medicare and have enrolled in both Medicare Part A and Part B, this Plan will coordinate benefits with Medicare on your claims. This means that Medicare will pay first, and this Plan will pay after Medicare pays, based on amounts not paid by Medicare. The Plan will determine its benefits as the secondary payor based on the amount of the charge allowed by Medicare—it will not pay any amount in excess of Medicare’s allowable charge.

   If you have not enrolled in Medicare Parts A and B, this Plan will calculate its benefits as if you had. This means that this Plan will only pay benefits equal to the benefits it would have paid if you were enrolled in both Parts, unless a different payment is required by law. You will have to pay the amount normally paid by Medicare.
Medicare-eligible retirees (and Medicare-eligible spouses of retirees) have the option of dropping this Plan’s prescription drug coverage and switching to a Medicare Part D plan.

3. **MEDICARE-ELIGIBLE PERSONS UNDER 65.** If any covered person is entitled to Medicare for reasons other than being 65 or older (for example, because of disability or being an End Stage Renal Disease beneficiary), this Plan will usually pay its benefits on that person’s claims before Medicare pays its benefits unless it is legally permitted to pay second. This provision doesn’t apply to retirees or their dependents.

4. **ALL MEDICARE-ELIGIBLES AGE 65 OR OVER.** Persons age 65 or older are also entitled to select Medicare as their coverage. To do so, they must decline all coverage under this Plan. Contact your local Social Security Administration office if you have any questions about Medicare enrollment or eligibility.

**SECTION 13.06 - EXCHANGE OF INFORMATION** - Any Covered Person who claims benefits under this Plan shall, upon request, provide all information the Trust believes is needed to coordinate benefits as described in this Article.

All information the Trust believes is needed to coordinate benefits shall be exchanged with other plans, companies, organizations, or persons.

**SECTION 13.07 - FACILITY OF PAYMENT** - The Trust may reimburse any other Plan if benefits were paid by that other Plan, but should have been paid under this Plan in accordance with this Article.

In such event, the reimbursement amounts shall be considered benefits paid under this Plan and, to the extent of those payments, shall discharge the Trust from liability.

**ARTICLE XIV: CLAIMS AND APPEAL PROCEDURE**

The following procedures apply to the Eligibility Provisions and Indemnity Plan Benefits included in this booklet. They also apply to Dental, Vision & Life Insurance claims only after the Member has exhausted the appeal procedures that are available through the respective carriers. For HMO, Dental, Vision, Life Insurance or AD&D Claims, please refer to the claims procedures in the Supplemental Summaries available in the Plan Office.

**A. HOW TO FILE A CLAIM**

Claims are paid in accordance with bills and forms supplied by hospitals and attending physicians. A claim shall be considered to have been filed as soon as it is received by the Plan Office at its principal office, provided it is substantially complete, with all necessary documentation. If the form is not substantially complete, or if required documentation has not been furnished, the claimant will be notified as soon as reasonably possible of what is necessary to complete the claim. Claims must be filed within 12 months from the date of treatment. Have your Physician forward claims directly to the Plan Office.

Retiree members and their dependents that are eligible for Medicare should have the hospital and doctors submit claims to Medicare first. After Medicare has made a payment, a copy of the Medicare Explanation of Benefits Worksheet should then be submitted with a claim to the Plan Office for processing.
B. CLAIMS AND APPEALS PROCEDURES

1. DEFINITIONS.

   a) Adverse Benefit Determination. An "Adverse Benefit Determination" is any denial, reduction, termination of or failure to provide or make payment for a benefit (either in whole or in part) under the Plan. Each of the following is an example of an Adverse Benefit Determination:

   1) a payment of less than 100% of a Claim for benefits (including coinsurance or co-payment amounts of less than 100% and amounts applied to the deductible);

   2) a denial, reduction, termination of or failure to provide or make payment for a benefit (in whole or in part) resulting from any utilization review decision;

   3) a failure to cover an item or service because the Plan considers it to be Experimental, Investigational, not Medically Necessary or not Medically Appropriate;

   4) a restriction on reimbursement for particular services because they are classified as related to a mental or nervous, rather than a physical, condition; and

   5) a decision that denies a benefit based on a determination that a claimant is not eligible to participate in the Plan.

Presentation of a prescription order at a pharmacy, where the pharmacy refuses to fill the prescription unless the Participant pays the entire cost, is not considered an Adverse Benefit Determination (but only to the extent that the pharmacy’s decision for denying the prescription is based on coverage rules predetermined by the Plan).

   b) Claim. The term "Claim" means a request for a benefit made by a Participant in accordance with the Plan’s reasonable procedures.

Casual inquiries about benefits or the circumstances under which benefits might be paid are not considered Claims. Nor is a request for a determination of whether an individual is eligible for benefits under the Plan considered to be a Claim. However, if a Participant files a Claim for specific benefits and the Claim is denied because the individual is not eligible under the terms of the Plan, that coverage determination is considered a Claim.

The presentation of a prescription order at a pharmacy does not constitute a Claim, to the extent benefits are determined based on cost and coverage rules predetermined by the Plan. If a Physician, Hospital or pharmacy declines to render services or refuses to fill a prescription unless the Participant pays the entire cost, the Participant should submit a Post-Service Claim for the services or prescription, as described under Claim Procedures, below.

A request for precertification or prior authorization of a benefit that does not require precertification or prior authorization by the Plan is not considered a Claim. However, requests for precertification or prior authorization of a benefit where the Plan does require precertification or prior authorization are considered Claims and should be submitted as Pre-Service Claims (or Urgent Claims, if applicable), as described under Claim Procedures, below.

Claims are categorized as Follows:
(1) **Urgent Claim.** The term "Urgent Claim" means a Claim for medical care or treatment that, if normal Pre-Service standards for rendering a decision were applied, would seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or, in the opinion of a Physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that could not be adequately managed without the care or treatment that is the subject of the Claim.

(2) **Pre-Service Claim.** The term "Pre-Service Claim" means a Claim for a benefit for which the Plan requires precertification or prior authorization before medical care is obtained in order to receive the maximum benefits allowed under the Plan.

(3) **Concurrent Claim.** The term "Concurrent Claim" means a Claim that is reconsidered after an initial approval has been made that results in a reduction, termination or extension of the previously approved benefit.

(4) **Post-Service Claim.** The term "Post-Service Claim" means a Claim for benefits that is not a Pre-Service, Urgent or Concurrent Claim. This will generally be a claim for reimbursement for services already rendered.

(5) **Disability Claims.** The term "Disability Claim" means any Claim that requires a finding of Total Disability as a condition of eligibility.

c) **Relevant Documents.** "Relevant Documents" include documents pertaining to a Claim if they were relied upon in making the benefit determination, were submitted, considered or generated in the course of making the benefit determination, demonstrate compliance with the administrative processes and safeguards required by the regulations, or constitute the Plan's policy or guidance with respect to the denied treatment option or benefit. Relevant Documents could include specific Plan rules, protocols, criteria, rate tables, fee schedules or checklists and administrative procedures that prove that the Plan's rules were appropriately applied to a Claim.

2. **NOTICE OF CLAIM DENIAL**

If a claim is wholly or partially denied, the claimant shall receive a written notice of denial as follows:

a) **Contents of Notice:** The notice of denial shall contain the following, written in a manner calculated to be understood by the claimant:

(1) The specific reason or reasons for the denial;

(2) Specific reference to pertinent Plan provisions on which the denial is based;

(3) A description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary; and

(4) Appropriate information as to the steps to be taken if the claimant wishes to submit the claim for review.
b) **Time of Notice:** To assure that you are eligible for medical or hospital benefits, you should call or have your physician/hospital call the Plan Office to pre-certify your eligibility for benefits. In the event that you do not obtain precertification and the Plan Office determines that a claim is not covered for any reason, you will be notified of a claim denial.

c) **Urgent Care:** In the event the claim involves “urgent care,” which is described as any claim for medical care or treatment which in your physician’s opinion is required immediately to avoid jeopardizing your life, health or ability to regain maximum function, you will be notified within twenty-four (24) hours of the submission of the claim, if the information necessary to process the claim is incomplete, and/or within seventy-two (72) hours in the event coverage is denied.

d) **Pre-Service Claims.** A Pre-Service Claim is a Claim for a benefit for which the Plan requires precertification or prior authorization before medical care is obtained as a condition of receiving maximum benefits allowed under the Plan. Under the terms of this Plan, claimants are not required to obtain precertification for any services.

e) **Concurrent Claims.** Any request by a Participant to extend an approved Urgent Claim will be acted upon by the Plan within 24 hours of receipt of the Claim, provided the Claim is received at least 24 hours prior to the expiration of the approved Urgent Claim. A request to continue a Plan of treatment that does not involve an Urgent Claim will be decided in enough time to request an appeal and to have the appeal decided before the benefit is reduced or terminated.

f) **Post-Service Claims.** A Post-Service Claim must be submitted to the Plan Office in writing, using an appropriate claim form, as soon as possible after expenses are incurred. A claim form may be obtained by contacting the Plan Office. Failure to file a Post-Service Claim within the time required will not invalidate or reduce any Claim if it was not reasonably possible to file the Claim within such time; however, in that case, the Claim must be submitted as soon as reasonably possible, but in no event later than one year from the date the charges were incurred.

The claim form must be completed in full and an itemized bill(s) must be attached to the claim form in order for the request for benefits to be considered a Claim. The claim form and/or itemized bill(s) must include any information requested by the Plan Office.

A **Post-Service Claim** is considered to have been filed upon receipt of the Claim by the Plan Office.

Ordinarily, Participants will be notified of decisions on Post-Service Claims within 30 days from the receipt of the Claim by the Plan Office. The Plan may extend this period one time for up to 15 days if the extension is necessary due to matters beyond the control of the Plan. If an extension is necessary, the Participant will be notified, before the end of the initial 30-day period, of the circumstances requiring the extension and the date by which the Plan expects to render a decision.

If an extension is required because the Plan needs additional information from the Participant, the Plan will issue a Request for Additional Information that specifies the information needed. The Participant will have 45 days from receipt of the notification to supply the additional information. If the information is not provided within that time, the Claim will be denied. During
the 45-day period in which the Participant is allowed to supply additional information, the normal deadline for making a decision on the Claim will be suspended. The deadline is suspended from the date of the Request for Additional Information until either 45 days or until the date the Participant responds to the request, whichever is earlier. The Plan then has 15 days to make a decision on the Claim and notify the Participant of the determination.

If the Plan determines that additional information is required from the Participant, and the Participant fails to provide any requested information within 45 days, the Plan will issue a Notice of Adverse Benefit Determination.

g) Disability Claim. A Disability Claim must be submitted to the Plan Office within 90 days after the date of the onset of the disability. The Plan will make a decision on the Disability Claim and notify the Participant of the decision within 45 days after receipt of the Claim by the Plan Office. If the Plan requires an extension of time due to matters beyond the control of the Plan, the Plan Office will notify Participant of the reason for the delay and the date by which the Plan expects to render a decision. This notification will occur before the expiration of the initial 45-day period. The notice of extension will explain the standards on which entitlement to a benefit is based, the unresolved issues that prevent a decision on the claim, and the additional information needed to resolve those issues.

A decision will be made within 30 days of the time the Plan notifies the Participant of the delay. The period for making a decision may be delayed an additional 30 days, provided the Plan notifies the Participant, prior to the expiration of the first 30-day extension period, of the circumstances requiring the extension and the date as of which the Plan expects to render a decision.

If an extension is needed because the Plan needs additional information from the Participant, the extension notice will specify the information needed. If the information is not provided within the 45-day period, the Claim will be denied. During the 45-day period in which the Participant is allowed to supply additional information, the normal period for making a decision on the Claim will be suspended. The period for making the determination is suspended from the date of the extension notice until the earlier of: (1) 45 days from the date of the notification; or (2) the date the Participant responds to the request. Once the Participant responds to the Plan’s request for the information, the Participant will be notified of the Plan’s decision on the Claim within 30 days.

For Disability Claims, the Plan reserves the right to have a Physician examine the claimant (at the Plan’s expense) as often as is reasonable while a claim for benefits is pending.

h) Authorized Representatives. An authorized representative, such as a spouse or an adult child, may submit a Claim or appeal on behalf of a Participant if the Participant has previously designated the individual to act on his or her behalf. An Appointment of Authorized Representative form, which may be obtained from the Plan Office, must be used to designate an authorized representative. The Plan Office may request additional information to verify that the designated person is authorized to act on the Participant’s behalf.

A health care professional with knowledge of the Participant’s medical condition may act as an authorized representative in connection with an Urgent Claim without the Participant having to complete the Appointment of Authorized Representative form.
3. APPEAL PROCEDURES.

a. Appealing an Adverse Benefit Determination. If a Claim is denied in whole or in part, or if the Participant disagrees with the decision made on a Claim, the Participant may appeal the decision. Appeals must be made in writing and must be submitted to the Plan Office within 180 days after the Participant receives the notice of Adverse Benefit Determination.

(1) Urgent Claims. Appeals of Adverse Benefit Determinations regarding Urgent Claims must be made within 180 days after receipt of the Notice of Adverse Benefit Determination by either:

a. Calling the Plan Office and asking to speak to the Utilization Review Representative. All oral requests must be followed by a faxed written request within 24 hours.

b. Faxing the request to the attention of the Utilization Review Representative.

Appeals of Urgent Claims may not be submitted via the US Postal service.

(2) Concurrent Claims. Appeals of Adverse Benefit Determinations regarding Concurrent Claims must be made in the same manner described for Urgent Claims.

(3) Post-Service and Disability Claims. The appeal of a Post-Service or Disability Claim must be submitted in writing to the Plan Office within 180 days after receipt of the Notice of Adverse Benefit Determination and must include:

a. the patient's name and address;

b. the Participant's name and address, if different;

c. a statement that this is an appeal of an Adverse Benefit Determination to the Board of Trustees;

d. the date of the Adverse Benefit Determination; and the basis of the appeal, i.e., the reason(s) why the Claim should not be denied.

b. The Appeal Process. The Participant will be given the opportunity to submit written comments, documents, and other information for consideration during the appeal, even if such information was not submitted or considered as part of the initial benefit determination. The Participant will be provided, upon request and free of charge, reasonable access to and copies of all Relevant Documents pertaining to his or her Claim.

A different person will review the appeal than the person who originally made the initial Adverse Benefit Determination on the Claim. The reviewer will not give deference to the initial Adverse Benefit Determination. The decision will be made on the basis of the record, including such additional documents and comments that may be submitted by the Participant.

If the Claim was denied on the basis of a medical judgment (such as a determination that the treatment or service was not Medically Necessary, or was Investigational or Experimental), a SPD
health care professional who has appropriate training and experience in a relevant field of medicine will be consulted. Upon request, the Participant will be provided with the identification of medical or vocational experts, if any, that gave advice on the Claim, without regard to whether the advice was relied upon in deciding the Claim.

c. Time Frames for Sending Notices of Appeal Determinations.

(1) **Urgent Claims.** Notice of the appeal determination for Urgent Claims will be sent within 72 hours of receipt of the appeal by the Plan Office.

(2) **Concurrent Claims.** Notice of the appeal determination for a Concurrent Claim that involves an extension of an Urgent Care Claim will be sent by the Plan within 72 hours of receipt of an appeal by the Plan Office.

(3) **Post-Service and Disability Claims.** Ordinarily, decisions on appeals involving Post Service and Disability Claims will be made at the next regularly scheduled meeting of the Board of Trustees following receipt of Participant's request for review. However, if the request for review is received at the Plan Office within 30 days before the next regularly scheduled meeting, the request for review may be considered at the second regularly scheduled meeting following receipt of the Participant's request. In special circumstances, a delay until the third regularly scheduled meeting following receipt of the Participant's request for review may be necessary. The Participant will be advised in writing in advance if this extension will be necessary. Once a decision on review of Participant's Claim has been reached, the Participant will be notified of the decision as soon as possible, but no later than 5 days after the decision has been reached.

If the decision on review is not furnished to the Participant within the time specified in this Subsection (C), Participant's Claim shall be deemed denied upon review. Participant shall be free to bring an action upon his or her Claim in accordance with Subsection e, below.

d. Content of Appeal Determination Notices. The determination of an appeal will be provided to the claimant in writing. The notice of a denial of an appeal will include:

(1) the specific reason(s) for the determination;

(2) reference to the specific Plan provision(s) on which the determination is based;

(3) a statement that the Participant is entitled to receive reasonable access to and copies of all documents relevant to the Claim, upon request and free of charge;

(4) a statement of the Participant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination on appeal;

(5) if an internal rule, guideline or protocol was relied upon, a statement that a copy is available upon request at no charge; and
(6) if the determination was based on Medical, Necessity, or because the treatment was Experimental or Investigational, or other similar exclusion, a statement that an explanation of the scientific or clinical judgment for the determination is available upon request at no charge.

e. **Trustee Interpretation, Authority and Right.** The Board of Trustees has full authority to interpret the Plan, all Plan documents, rules and procedures. Their interpretation will be final and binding on all persons dealing with the Plan or claiming a benefit from the Plan. Parties to whom the Trustees have delegated the right of decision-making may also have the discretion to interpret the Plan. If a decision of the Trustees, or a party to whom the Trustees have delegated decision-making authority, is challenged in court, it is the intention of the parties that such decision is to be upheld unless it is determined to be arbitrary or capricious.

Benefits under this Plan will be paid only when the Board of Trustees, or persons delegated by them to make such decisions, decide, in their sole discretion, that the participant or beneficiary is entitled to benefits under the terms of the Plan.

The Trustees have the authority to amend the Plan, which includes the authority to change eligibility rules and other provisions of the Plan, and to increase, decrease or eliminate benefits. In addition, the Trustees may terminate the Trust and this Plan of Benefits at any time. All benefits of the Plan are conditional and subject to the Trustees’ authority to change or terminate them. The Trustees may adopt such rules as they feel are necessary, desirable or appropriate, and they may change these rules and procedures at any time.

The Trustees specifically have the right and the authority to change the provisions relating to coverage for retirees and their dependent at any time and in their sole discretion, since the Retiree Benefits are not “accrued” or “vested” benefits. Any such change made by the Trustees will be effective even though employee has already become a covered retiree.

The Trustees intend that the Plan terms, including those relating to coverage and benefits, are legally enforceable and that the Plan is maintained for the exclusive benefit of the participant and beneficiaries.

f. **When a Lawsuit may be Started – One Year.** No Employee, Dependent, Beneficiary or other person shall have any right or claim to benefits under these Rules and Regulations or any right or claim to payments from the Fund, other than as specified herein. A Participant may not start a lawsuit to obtain benefits until after either: (1) the Participant has submitted a Claim pursuant to these Rules and Regulations, requested a review after an Adverse Benefit Determination, and a final decision has been reached on review; or (2) the appropriate time frame described above has elapsed since Participant filed a request for review and Participant has not received a final decision or notice that an extension will be necessary to reach a final decision.

*No lawsuit may be started more than one year after the date on which medical or dental services were provided*, or, if the Claim is for short term disability benefits, more than one year after the onset of the disability. The provisions of this Section shall apply to and include any and every claim to benefits from the Fund, and any claim or right asserted under the Plan or against the Fund, regardless of the basis asserted for the claim, and regardless of when the act or omission upon which the claim is based occurred, and regardless of whether or not the claimant is a Plan "Participant" or "beneficiary" within the meaning of those terms as defined in ERISA.
ARTICLE XV: POTENTIAL LOSS OF BENEFITS

You or your beneficiary could lose your benefits or have payments delayed in at least the following circumstances:

A. **Exclusions/Co-Payments.** The various plans and insurance policies contain exclusions that may preclude you from having coverage. You are also responsible for co-payments in most situations.

B. **Ineligible.** The person on whose behalf the claim was filed was not eligible for benefits on the date the expenses were incurred.

C. **Not Timely.** The claim wasn’t filed within the Plan time limits.

D. **Not Covered or Not Incurred.** The expenses that were denied are not covered under the Plan or were not actually incurred.

E. **Full Benefit Provided.** The person for whom the claim was filed had already received the maximum benefit allowed for that type of expense during a stated period of time.

F. **Plan Change.** The Trustees amended the Plan’s eligibility rules or decreased Plan benefits.

G. **Recover Overpayment.** The Trustees reduced or temporarily suspended future benefit payments to a family member in order to recover an overpayment of benefits previously made on that person’s behalf or on behalf of another member of the same family.

H. **Fail to File Complete Application** Benefits may not be payable until a completed application and other required forms and information is received by the Plan Office.

I. **Incomplete Information/False Statements.** If you fail to provide requested information or give false information to verify disability, age, beneficiary information, marital status or other vital information, coverage under the plan or benefits provided may be postponed or cancelled.

If you make a false statement to the Plan or other officials regarding the payment of benefits or other issues related to the Plan, you will be liable to the Plan for any benefits paid in reliance on such false statements or information, and any attorney fees and costs incurred in effecting recovery or which were incurred as a result of the false statement or information. This includes but is not limited to costs incurred by the Plan Office, reasonable attorney fees, and interest charges. The Plan may deduct any such fees and costs from any benefits otherwise payable to you, your estate or a beneficiary.

J. **Inadequate or Improper Evidence.** The Plan grants the Board of Trustees the power to deny, suspend or discontinue benefits to a Participant who fails to submit at the request of the Plan Office any information or proof or coverage reasonably required to administer the Plan.

K. **Subrogation/Third Party Claims.** The Plan does not cover any illness, injury, disease or other condition or claim for which a third party may be liable or legally responsible.
L. **Coordination of Benefits.** If Dependents are covered by more than one Plan, this Plan may not be responsible for many claims.

M. **Work-Related Injuries.** The Plan is not responsible for paying any claims incurred as a result of a work-related injury. This is so even though you have not filed a claim with workers compensation.

N. **Failure to Enroll in Medicare Parts A and B.** If you are eligible for and fail to enroll in Medicare parts A and B, the Plan will not pay many of your claims.

O. **Right to Recover Claims Paid or Offset of Future Claims.** The Plan has the right to recover any amounts improperly paid. The Plan may offset any amounts owed to the Plan against any claims that you and/or a Dependent incur in the future.

P. **Prohibited Employment in the Plumbers and Pipefitters.** If you engage in certain kinds of work in the Plumbing and Pipefitters, known as Prohibited Employment, you will no longer be entitled to Retiree Health and Welfare benefits.

Q. **Plan Termination.** If the Plan terminates, benefits may no longer be provided.

The preceding list is not an all-inclusive listing of the circumstances that may result in denial or loss or delayed payment of benefits. It is only representative of the types of circumstances, in addition to failure to meet the regular eligibility requirements, that might cause denial of a claim for benefits. If you have any questions about a claim denial, contact the Fund Manager.

**ARTICLE XVI: AMENDMENT/TERMINATION/MERGER OF PLAN**

---

**A. AMENDMENT OF PLAN**

The Board of Trustees has the discretion to amend the Plan at any time. Moreover, if the Collective Bargaining Agreement is amended by the insertion or deletion of provisions relating to the Plan, the Board of Trustees will amend the Plan to effectuate the intent of the amendment to the Collective Bargaining Agreement, unless such amendment conflicts with applicable law or is actuarially unsound.

Any amendment may apply to all groups and/or Participants covered by the Plan or only to certain groups of Participants. Retroactive amendments may be made to the extent permissible under ERISA. Except as is permitted or required by applicable law, no amendment may divest any accrued benefits which have previously been vested.

**B. TERMINATION OF PLAN**

It is anticipated that the Plan is permanent and will continually be in operation. It is, however, legally necessary to consider the possibility of termination of the Plan and to state the rights of the Participants in such an unlikely event.

The parties to the Collective Bargaining Agreements between U.A. Local 350 and the Employer associations may terminate the Plan in whole or in part. Although there is no intent to terminate the Plan, there is no guarantee that the Plan will last forever.

SPD
C. MERGER OR CONSOLIDATION

In the event of a merger or consolidation of the Plan with, or transfer in whole or in part, of the assets or liabilities of the Plan to any other Pension Plan, each Participant is entitled to a benefit immediately after the merger, consolidation or transfer which is at least equal to the benefit such Participant would be entitled to receive before such merger, consolidation or transfer.

STATEMENT OF ERISA RIGHTS

As a Participant in the U.A. Local 350 Health Welfare and Vacation Plan ("Plan"), you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that Participants are entitled to:

RIGHT TO RECEIVE INFORMATION ABOUT THE PLAN AND YOUR BENEFITS

- Examine without charge at the Plan Office and at other specified locations such as worksites and the Union office, documents governing the Plan, including Collective Bargaining Agreements and the latest annual report (Form 5500 series) filed with the Department of Labor (and which is available at the Public Disclosure room of the Department of Labor's Employee Benefits Security Administration ("EBSA") office.

- Obtain copies of Plan documents governing the Plan (those documents that are required by law to be furnished) upon written request to the Plan. Pursuant to ERISA, the Plan Office may require that you pay a reasonable charge for the copies.

- Receive a summary of the Plan's annual financial report, known as a Summary Annual Report ("SAR"). The Plan is required by law to furnish each Participant with the SAR.

- Receive a statement informing you whether you have a right to receive a pension at Normal Retirement Age and if so, what your benefits would be at Normal Retirement Age if you stop working under the Plan now. This statement must be requested in writing and is not required to be given more than once every 12 months. The Plan must provide the statement free of charge.

In addition to creating rights for Plan Participants, ERISA imposes duties upon the people responsible for operating the Plan. The people who operate your Plan, called "fiduciaries," have a duty to do so prudently and in the interest of you and other Plan Participants and beneficiaries. No one, including your Employer, your Union, or any other person or entity, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a pension benefit or exercising your rights under ERISA.

ENFORCING YOUR RIGHTS UNDER ERISA

If your claim for a benefit is denied in whole or in part, you will receive a written explanation of the reason for the denial. You have the right to have the Plan review and reconsider your claim.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan and do not receive them within 30 days, you may file suit in federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Administrator.

If you have a claim for benefits which is denied or ignored in whole or in part, and which is upheld on appeal (or ignored), you may file a lawsuit. In addition, if you disagree with the Plan's decision or lack thereof concerning the qualified status of a domestic relations order, you may file suit in federal court.

If it should happen that Plan fiduciaries misuse the Plan's money or other assets, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court.
If you file a lawsuit, the court will decide who should pay court costs and legal fees. If you are successful, the court may order the person(s) you have sued to pay your costs and fees. If you lose, the court may order you to pay the Trust's or other defendants' costs and fees (e.g., your claim was frivolous). **Under the Plan, you are required to file a lawsuit within one year after your appeal has been denied.**

If you have any questions about your Plan, you should contact the Plan Office.

If you have any questions about this statement or about your rights under ERISA, of if you need assistance in obtaining documents from the Plan Administrator, you should contact Employee Benefits Security Administration (EBSA), U.S. Department of Labor at EBSA’s toll free number at 866-444-3272 or electronically at www.askebsa.dol.gov or:
